NATIONAL ARCHIVES AND RECORD ADMINISTRATION
FREEDMEN'S BUREAU PRESERVATION PROJECT

This National Archives microfilm publication is part of a multiyear project to microfilm the field office records of the Bureau of Refugees, Freedmen, and Abandoned Lands (Freedmen's Bureau). The project was made possible by the United States Congress through The Freedmen's Bureau Records Preservation Act of 2000 (Public Law 106-444). When completed, all of the field records for the States of Alabama, Arkansas, Delaware, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, Missouri, North Carolina, South Carolina, Tennessee, Texas, Virginia, and for the District of Columbia will be available on microfilm. For microfilm availability and description, consult the current edition of the National Archives publication *Microfilm Resources for Research: A Comprehensive Catalog.* You can also view the National Archives microfilm locator on our web site at *www.archives.gov.*

INTRODUCTION

On the 90 rolls of this microfilm publication, M1903, are reproduced the previously unfilmed records of the Georgia staff offices and subordinate field offices of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1872. These records consist of bound volumes and unbound records, containing materials that include letters and endorsements sent and received, monthly reports, registers of patients, orders and circulars issued and received, and other records relating to freedmen's complaints and contracts. These records are part of the Records of the Bureau of Refugees, Freedmen, and Abandoned Lands, Record Group (RG) 105.

This film series completes the reproduction of all Bureau records created in Georgia between 1865 and 1872. Many of these records were reproduced in 1969 in National Archives Microfilm Publications M798, *Records of the Assistant Commissioner for the State of Georgia, Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1869*, and M799, *Records of the Superintendent of Education for the State of Georgia, Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1870*.

HISTORY AND ORGANIZATION

The Bureau of Refugees, Freedmen, and Abandoned Lands, also known as the Freedmen's Bureau, was established in the War Department by an act of Congress on March 3, 1865 (13 Stat. 507). The life of the Bureau was extended twice by acts of July 16, 1866 (14 Stat. 173), and July 6, 1868 (15 Stat. 83). The Bureau was responsible for the supervision and management of all matters relating to refugees and freedmen, and of lands abandoned or seized during the Civil War. In May 1865, President Andrew Johnson appointed Maj. Gen. Oliver Otis Howard as Commissioner of the Bureau, and Howard served in that position until June 30, 1872, when activities of the Bureau were terminated in accordance with an act of June 10, 1872 (17 Stat. 366). While a major part of the Bureau's early activities involved the supervision of abandoned and confiscated property, its mission was to provide relief and help freedmen become self-sufficient. Bureau officials issued rations and clothing, operated hospitals and refugee camps, and supervised labor contracts. In addition, the Bureau managed apprenticeship disputes and complaints, assisted benevolent societies in the establishment of schools, helped freedmen in legalizing marriages entered into during slavery, and provided transportation to refugees and freedmen who were attempting to reunite with their families or relocate to other parts of the country. The Bureau also helped black soldiers, sailors, and their heirs collect bounty claims, pensions, and back pay.

The act of March 3, 1865, authorized the appointment of Assistant Commissioners to aid the Commissioner in supervising the work of the Bureau in the former Confederate states, the border states, and the District of Columbia. While the work performed by Assistant Commissioners in each state was similar, the organizational

structure of staff officers varied from state to state. At various times, the staff could consist of a superintendent of education, an assistant adjutant general, an assistant inspector general, a disbursing officer, a chief medical officer, a chief quartermaster, and a commissary of subsistence. Subordinate to these officers were the assistant superintendents, or subassistant commissioners as they later became known, who commanded the subdistricts.

The Assistant Commissioner corresponded extensively with both his superior in the Washington Bureau headquarters and his subordinate officers in the subdistricts. He prepared reports that he sent to the Commissioner concerning Bureau activities in areas under his jurisdiction, based upon reports submitted to him by the subassistant commissioners and other subordinate staff officers. He also received letters from freedmen, local white citizens, state officials, and other non-Bureau personnel. These letters varied in nature from complaints to applications for jobs in the Bureau. Because the assistant adjutant general handled much of the mail for the Assistant Commissioner's office, letters were often addressed to him instead of to the Assistant Commissioner.

In a circular issued by Commissioner Howard in July 1865, the Assistant Commissioners were instructed to designate one officer in each state to serve as "general Superintendents of Schools." These officials were to "take cognizance of all that is being done to educate refugees and freedmen, secure proper protection to schools and teachers, promote method and efficiency, correspond with the benevolent agencies which are supplying his field, and aid the Assistant Commissioner in making his required reports." In October 1865, a degree of centralized control was established over Bureau educational activities in the states when Rev. John W. Alvord was appointed Inspector of Finances and Schools. In January 1867, Alvord was divested of his financial responsibilities, and he was appointed General Superintendent of Education.

An act of Congress, approved July 25, 1868 (15 Stat. 193), ordered that the Commissioner of the Bureau "shall, on the first day of January next, cause the said bureau to be withdrawn from the several States within which said bureau has acted and its operation shall be discontinued." Consequently, in early 1869, with the exception of the superintendents of education and the claims agents, the Assistant Commissioners and their subordinate officers were withdrawn from the states.

For the next year and a half the Bureau continued to pursue its education work and to process claims. In the summer of 1870, the superintendents of education were withdrawn from the states, and the headquarters staff was greatly reduced. From that time until the Bureau was abolished by an act of Congress approved June 10, 1872 (17 Stat. 366), effective June 30, 1872, the Bureau's functions related almost exclusively to the disposition of claims. The Bureau's records and remaining functions were then transferred to the Freedmen's Branch in the office of the Adjutant General. The records of this branch are among the Bureau's files.

Constrained by limited resources, Southern opposition, and the politics of Reconstruction, the Bureau faced an enormous challenge in its efforts to assist the freedmen and refugees. Its relief efforts, without question, saved thousands of southerners from starvation. Its attempts to assist freedmen to become self-sufficient, to provide public education, administer justice, and, to a lesser degree, to provide land, all worked with varying degrees of success to lessen the difficulties during the transition from slavery to freedom. One of the Bureau's greatest legacies is the body of records it created and received during the course of its operations. These records are arguably some of the most important documents available for the study of the Federal Government's policies, efforts to reconstruct the South, and Southern social history and genealogy.

THE FREEDMEN'S BUREAU IN GEORGIA

Organization

Bvt. Maj. Gen. Rufus Saxton, who had directed the "Port Royal Experiment," was appointed Assistant Commissioner for South Carolina, Georgia, and Florida. Saxton established his headquarters at Beaufort, SC, in June 1865, and assigned Gen. Edward A. Wild the responsibility for Bureau affairs in part of Georgia. In September 1865, after Wild was relieved from duty, the office of Assistant Commissioner for Georgia was established, and Brig. Gen. Davis Tillson was appointed as Acting Assistant Commissioner, with exclusive control of all matters concerning the Bureau in Georgia. Tillson reported To General Saxton in South Carolina until December 1865, when he was ordered to report thereafter directly to Commissioner Howard at Washington. Generally, the records pertaining to Georgia and Florida that were created during this early period are included among those of the Assistant Commissioner of South Carolina.

The organization of the Bureau in Georgia was similar to that of the Bureau headquarters in Washington. The Assistant Commissioner's staff included an assistant adjutant general, an assistant inspector general, a chief quartermaster and disbursing officer, and a superintendent of education. Three officers served as Assistant Commissioner in Georgia between 1865 and 1869 and located the Bureau offices in four different cities during that period. General Tillson first established his headquarters at Augusta in September 1865 but moved it to Savannah in October 1866. Col. Caleb C. Sibley succeeded Tillson as Assistant Commissioner in January 1867, and 2 months later he moved the headquarters from Savannah to Macon. It remained there until July 1867, when the office was transferred to Atlanta. In October 1868, Maj. John R. Lewis replaced Sibley as Assistant Commissioner. Lewis served until the office was discontinued in May 1869. From January to May 1869, Major Lewis combined the duties of Assistant Commissioner, with those of superintendent of education. After the office of the Assistant Commissioner was discontinued, Lewis continued to serve as superintendent of education until May 1870.

The major subordinate field offices for the Bureau in Georgia, for example, included those with headquarters at Albany, Americus, Athens, Atlanta, Augusta, Columbus, Macon, and Savannah. Under the direct supervision of the subassistant commissioners were the civilian and military agents. Occasionally, the Bureau retained military officers in a civilian capacity after the termination of their military service. For a list of selected Georgia subordinate field office personnel and their dates of service, see the Appendix.

Activities

The major activities of the Freedmen's Bureau in Georgia generally resembled those conducted in other states. The Bureau issued rations and provided medical relief to both freedmen and white refugees, supervised labor contracts between planters and freedmen, administered justice, and worked with benevolent societies in the establishment of schools.

When General Davis Tillson took over as Assistant Commissioner for the Freedmen's Bureau in Georgia in September 1865, many of the major cities and towns in the state were troubled with overcrowding, decease, and poverty. In the cities of Macon, Atlanta, Augusta, and Savannah, freedmen and refugees were living in some of the most crowded and deplorable conditions, and many were in dire need of food and clothing, shelter, and medical attention.[1] Convinced, however, that Federal Government relief should be temporary and solely for the needy, General Tillson issued an order on October 3, 1865, prohibiting the distribution of rations to freedmen and refugees who were able-bodied but refused work. To discourage idleness and dependency, Tillson further ordered that only those persons who were able to provide for themselves would be allowed to remain in the towns and cities. Those who desired to stay, said Tillson, "must be compelled, if necessary, to go to the country and accept places of labor found by themselves, or for them, by officers or agents of the Bureau."[2]

Tillson's orders were strictly enforced. One month after his pronouncement, rations issued in Savannah had been reduced from 120,000 to 60,000 per month. For the month of June of 1866, the number of rations issued for the entire State of Georgia totaled less than 20,000. However, in spite of the Bureau's "self-help" policy, limited resources, and the belief that local governments should play a greater role in providing relief for the destitute, the Georgia Bureau issued some 847,669 rations from June 1865 to September 1866. Although the Bureau's actions prevented wholesale starvation and untold suffering, the agency's rations-relief efforts were far less extensive than what Bureau officials had done during the same period in Alabama, North Carolina, South Carolina, and Virginia. Tillson's successors, Assistant Commissioners Caleb C. Sibley (January 1867–October 1868) and John R. Lewis

(October 1868–May 1869) continued to follow the policy of providing limited rations relief. During their tenures, rations were issued only in emergencies and for the most part to hospitals and asylums.[3]

The Georgia Bureau's policy of temporary relief for the needy also guided its approach in providing medical care and assistance for the destitute. Like its ration program, the Bureau viewed its responsibility as one of providing temporary medical relief, primarily in cases of extreme emergencies. The Bureau believed that the ultimate responsibility for providing medical care to those in need lay with Georgia civil authorities. J. W. Lawton, who served as surgeon-in-chief under General Tillson, saw the use of dispensaries as the best means of administering medical relief and the most effective approach to encourage civil officials to take on some of the cost for operating them. Lawton and his successor at various times maintained dispensaries at Albany, Americus, Brunswick, Columbus, Darien, Newton, St. Catherine's Island, St. Marys, and Stone Mountain. The Bureau's medical department also opened hospitals with the idea of eventually turning them over to state and local authorities. The Bureau maintained hospitals at Atlanta, Augusta, Columbus, Macon, and Savannah. At the height of its medical operations (1866–67), however, the agency employed just 13 physicians. Nonetheless, with its limited and over burdened medical staff, the Bureau treated more than 5,000 freedmen for various aliments and vaccinated some 20,000 freedmen and refugees against smallpox from September 1, 1865, through September 20, 1866. By September 1867, the number of freedmen treated by Bureau nearly tripled. At the end of June 1868, close to 17,000 freed men, women, and children received treatment. Despite the Bureau's efforts to treat the weak, the sick, and infirm, the mortality rate among freedmen remained high. By late 1868, most of the Bureau's medical activities ceased, and care for the destitute was turned over to local authorities.[4]

In Georgia, as in other states under the Bureau's jurisdiction, the regulation of written labor contracts between planters and freedmen was of paramount concern. General Tillson's order of October 3, 1865 (Circular Number 2), which restricted the issuing of rations only to those in need, also instructed his subordinates to "make immediate and vigorous efforts" to secure work for unemployed freedmen "where fair compensation and kind treatment will be secured to them." Upon arrival at his

post in early September 1865, Tillson found the labor system in Georgia in disarray. Able-bodied freedmen were being paid from $2 to $7 per month. Many were of the notion that the Federal Government was planning to distribute land to them at Christmas or New Year's, and thus large numbers of freedmen were refusing to sign labor contracts. Planters, on the other hand, were convinced that the Bureau was the "champion" of the freedmen and totally insensitive to their concerns about freedmen and their unwillingness to labor, and were thus making little effort to prepare for the planting season.[5]

On December 22, 1865, in an effort to remove "false and mistaken impressions" held by the both planters and freedmen, Tillson issued wage guidelines that both parties were expected to follow. Under the new rules, freedmen had the right to choose their own employers, but those freedmen who refused to sign contracts after January 10, 1866, "where employers offer good wages and kind treatment," had to accept contracts that the Bureau made for them. In upper and middle Georgia, where the land was poor and unsuited for raising large quantities of corps, Tillson instructed his officers to secure contracts paying men $12–$13 per month, and $8–$10 dollars per month for women. Freedmen were to provide for their own clothing and medicines. In other parts of the state and along the coast and south-western Georgia, where "good crops" could be raised, men were to be paid $15 per month, including board and lodging, and women $10 per month. In areas where planters preferred to pay a share of the crop, the order required payment of "from one-third the gross to one half the net proceeds."[6]

Realizing that not all planters would comply with his new wage guidelines, Tillson instructed his subordinates to call on the military to enforce his orders whenever necessary. He was aware in spite of his orders, many of the contracts being signed, even some approved by his own agents, were substandard and not in compliance with his wage schedule. He made clear to both his agents and the planters that such contracts would not be recognized. To emphasize the importance of and his commitment to fair contracts and compensation for freedmen, Tillson offered transportation to freedmen to such areas as southwest Georgia and the Mississippi Valley where wages were higher. In a November 1866 report to Commissioner Howard, Tillson indicated that he had issued 381orders for transportation for some 2,947 men and 1,013 children.[7]

Safeguarding rights and securing justice for freedmen was a major area of concern for the Freedmen's Bureau. Following the Civil War, several Southern states enacted a series of laws commonly known as "black codes," which restricted the rights and legal status of freedmen. Freedmen were often given harsh sentences for petty crimes and in some instances were unable to get their cases heard in state courts. In a circular issued by Commissioner Howard on May 30, 1865 (Circular Number 5), Assistant Commissioners were directed to "adjudicate, either themselves or through officers of their appointment, all difficulties arising between negroes themselves, or between negroes and whites or Indians." In response to Howard's circular, General Tillson issued an order on November 15, 1865 (Circular Number 4), instructing his officers to hear and make determinations in cases involving freedmen in which the disputed sum did not exceed $50, or the punishment did not exceed $50 or 30 days' imprisonment. Agents were also told that they could "try offences committed by or against freedmen, provided the sentence imposed does not exceed one hundred and fifty dollars or imprisonment for at hard labor for sixty days." Tillson further ordered that "It is preferred that all cases of any importance . . . whenever under the laws there of [the State of Georgia], or by agreement of the parties . . . [where] the testimony of Freedmen can be admitted . . . the Agent will turn them over to the civil authorities for trial." To carry out Tillson's orders, agents were to establish three-member tribunals (known as freedmen's courts) consisting of a Bureau official and two citizens, one chosen by each party involved in the case.[8]

However, when the Georgia State Legislature passed an act conferring civil rights on "persons of color," approved March 17, 1866, Tillson advised his officers on April 6 (Circular Number 4) that they were no longer required to comply with Commissioner Howard's orders of May 30, 1865. While Tillson told his agents that they were to continue to follow instructions issued by him on November 6, 1865 (Circular Number 4), "all cases exceeding their jurisdiction, unless otherwise specially directed by the Department Commander, [were to] be turned over to the civil authorities of the State for adjudication." Despite the Bureau's efforts to secure justice and civil rights for freedmen in Georgia, blacks continued to complain to the agency about some of the "most fiendish and diabolical outrages" suffered by them at the hands of gangs known as "Regulators," "Jayhawkers," and the "Black-horse cavalry." Perpetrators of crimes against freedmen were often not apprehended or prosecuted by civil authorities. At various times, because of increased hostilities toward freedmen and the failure of civil authorities to take action in their cases, Bureau officials in Georgia were compelled to reassert their authority.[9]

Bureau educational activity began in Georgia in October 1865, when G. L. Eberhart was appointed as superintendent of schools (later education). In August 1867, Edward A. Ware succeeded Eberhart. In January 1869, Assistant Commissioner Maj. John R. Lewis assumed the duties of superintendent of education. Lewis served

in both capacities until May 1869, when the office of Assistant Commissioner was discontinued, and remained as superintendent education until May 1870. The records of the two offices were not combined. Ware, who had been acting as assistant superintendent, remained in Georgia as acting superintendent until August 1870, when all Bureau officers except the claims agents were withdrawn from the state.

Congress's failure to provide an appropriation for the Freedmen's Bureau during it first year of operation, impacted significantly on the agency's ability to provide adequate assistance for freedmen education. With limited financial resources, the Bureau provided help when it could, and worked vigorously to encourage freedmen and Northern benevolent societies to taken on the primary responsibility for providing support for black schools. G. L. Eberhart and his successors were of the opinion that "colored people who are unwilling to help educate their children do not deserve to have schools." To encourage freedmen to participate in this self-support effort, Eberhart urged them to establish educational associations. With assistance from local Bureau agents, educational associations were established in the subdistricts of Thomasville, Bainbridge, Albany, Georgetown, Cuthbert, and Americus. In early 1866, the "pay your own way" policy led to the founding of the Georgia Educational Association (initially organized as the Georgia Equal Rights Association). The Educational Association worked closely with the Bureau and Northern aid societies and became the model "to encourage the people [freedmen] to organized effort in supporting their own schools & managing their own affairs." By the end of 1866, freedmen owned 57 schoolhouses and provided support for 96 of the 127 schools in the state. By the spring of 1867, freedmen contributions sustained some 104 schools and teachers and more than 3,000 students. During the same period, the Bureau maintained some 44 schools and 50 teachers and close to 3,100 pupils. Northern aid societies provided support for 84 schools, 78 teachers, and over 7,000 students. Freedmen also defrayed the expenses for 45 schools under the control of the Bureau and the aid societies.[10]

With the passage of the Army Appropriations Act on July 13, 1866 (14 Stat. 90), the Bureau received its first appropriation and was able to provide greater assistance in its effort to support freedmen education. In addition to providing some $21,000 for state superintendents' salaries, the Act made available $500,000 more for the rent and repair of school buildings. In the same month, Congress overrode President Andrew Johnson's veto and extended the life of the Bureau for 2 years. In this new legislation (14 Stat. 173), the Bureau was allowed to "seize, hold, use, lease, or sell" Confederate property for the purpose of educating freedmen. The act also required the Bureau to work closely with benevolent groups and to lease buildings to those associations that supplied teachers. By early July 1869, the Bureau had expended nearly $105,000 for the construction and repair of school buildings that provided accommodations for 4,690 students. The Bureau spent an additional $10,471 for the

repair of buildings that provided part-time space for more than 3,500 pupils. By the time the Bureau withdrew from Georgia in 1870, the agency had contributed funds for the building of some 50 schools in the state.[11]

RECORDS DESCRIPTION

These records consist of volumes and unbound records. The volumes reproduced in this microfilm publication were originally arranged by type of record and thereunder by volume number. No numbers were assigned to series consisting of single volumes. Years later, all volumes were arbitrarily assigned numbers by the Adjutant General's Office (AGO) of the War Department after the records came into its custody. In this microfilm publication, AGO numbers are shown in parentheses to aid in identifying the volumes. The National Archives assigned the volume numbers that are not in parentheses. In some volumes, particularly in indexes and alphabetical headings of registers, there are blank numbered pages that have not been filmed.

The volumes consist of letters and endorsements sent and received, press copies of letters sent, registers of letters received, letters and orders received, special orders and circulars issued, registers of complaints, and monthly reports forwarded to the Assistant Commissioner. The unbound documents consist of letters and orders received, unregistered letters and narrative reports received, special orders and circulars issued, general orders and circulars received, monthly reports, and records relating to complaints, labor contracts, patients, and court papers.

LIST OF BOOK RECORDS OF OFFICERS

The single-volume list of book records of officers in Georgia (no date) is arranged by office, with records of the Assistant Commissioner first, followed alphabetically by locations of the subdistrict offices. Included in the list of book records are the type of record in each book or volume, the dates of the volume, and the volume number. Throughout this introductory material and in the Table of Contents, the AGO volume number appears in parentheses in the series descriptions of the records.

RELATED RECORDS

In the same record group, RG 105, and related to records of the Bureau's field offices for Georgia, are those of the Bureau headquarters in Washington, DC, and previously microfilmed records of the Assistant Commissioner and the superintendent of education for Georgia and South Carolina. These record series are available in the following National Archives microfilm publications:

M742, *Selected Series of Records Issued by the Commissioner of the Bureau of Refugees, Freedmen, and Abandoned Lands*, 1865–1872

M752, *Registers and Letters Received by the Commissioner of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1872*

M803, *Records of the Education Division of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1871*

M798, *Records of the Assistant Commissioner for the State of Georgia, Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1869*

M799, *Records of the Superintendent of Education for the State of Georgia, Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1870*

M869, *Records of the Assistant Commissioner for the State of South Carolina, Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1870*

Records in other record groups supplement those of the Assistant Commissioner. In Records of United States Army Continental Commands, 1821–1920, Record Group (RG) 393, are records of the military district of Georgia. Records relating to employment and welfare of freedmen and abandoned property before the establishment of the Bureau are among Records of Civil War Special Agencies of the Treasury Department, RG 366. The records of the Freedman's Savings and Trust Company, 1865–1874, in Records of the Office of the Comptroller of the Currency, RG 101, contain information relating to former slaves who maintained accounts with the bank branches in Georgia.

There have been numerous books, articles, and dissertations published about the Freedmen's Bureau and its operations. For Georgia, see Paul A. Cimbala, *Under the Guardianship of the Nation: The Freedmen's Bureau and the Reconstruction of Georgia, 1865–1870* (Athens, GA: 1997). For general background, see Paul S. Pierce, *The Freedmen's Bureau, A Chapter in the History of Reconstruction* (Iowa City, IA: 1904); George R. Bentley, *A History of the Freedmen's Bureau* (Philadelphia, PA: 1955); and Paul A. Cimbala and Randall M. Miller, eds., *The Freedmen's Bureau and Reconstruction: Reconsiderations* (New York: 1999), especially pages 93–118.

Several books written about Commissioner Oliver Otis Howard include O. O. Howard, *Autobiography of Oliver Otis Howard* (New York, NY: 1907); John Alcott Carpenter, *Sword and Olive Branch: Oliver Otis Howard* (Pittsburgh, PA: 1964); and William S. McFeely, *Yankee Stepfather: O. O. Howard and the Freedmen* (New Haven, CT: 1968).

I have the honor to direct your attention to a transaction which took place during your absence on a trip to Madison some ten days since

Driver and two other Colrd men, who were charged with the murder of a Mr Price — They had been in Jail about Two weeks, when it was announced that they would be brought before the Magistrates the next day for examination — They having no Council, and no means of procuring Council — In your absence I felt it my duty to engage Council for them — which I did, I procured the services of Col. Milledge & Judge Hook. — The only two of our Old Citys Council I was willing to trust — I made no partial arrangement with them neither did I bind myself, or the government in engaging them. They were two days in the examination, and I deemed their services under the circumstances as very important, and felt it my duty as agent of the Bureau to see that they had Council

I would therefore recomend that Messrs Milledge & Hook be Compensated for that Service

I respectfully ask that you forward this to Head quarters with such endorsement as you may deem proper

I have the honor to enclose you a copy of the Inquest held on the body of a Colrd man by the name of Ellick, who was shot, as appears by the evidence of H B South while running from him. no pretence whatever was adduced to make it appear it was in self defence.

I procured the Copy of the Inquest (herein enclosed) from the Coroner, with the view of bringing the matter to the notice of the solicitor Mr Johns & Whitehead. Our Grand Jury was in session at the time.

Majr C C Richardson who heard me say I intended bringing this case to the notice of the solicitor, before I had the chance of doing so, I received the enclosed letter from Mr Whitehead. It will show for itself the feeling of the Prosecuting Officer for this District. Justice cannot be looked for in a case while such men are permitted to be our prosecuting officers — We never brought the case of the Murder of Ellick to the notice of the Grand Jury.

A few days since a Colrd woman was before the County Judge for some offence, for which she was discharged, when the Solicitor (Whitehead) had her again arrested. Whitehead is a Rebel of the strongest kind, opposed as I learn to reconstruction as recommended by Congress, has not taken the both. and I do not think he is Registered. He is very disobliging in his habits, frequently intoxicated during the session of the Court. He is in no way qualified for the important office he now holds. for these times at least.

I have the honor to transmit to you a statement of Mr Miller, Attorney for Mrs Mary Ann C Hyde, in Tipton, Tenn.

The claims alluded to by Mr Miller were for services rendered in 1866.

He claims they were working under a contract; which an examination I found had not been approved by an Agent of the Bureau. Had the same contract been presented to me for approval I should have rejected it.

In addition Mrs Dunlap and her agent, having the only contract ~~[illegible]~~ and further that they the defendants never offered a settlement agreeably to the contract, making no showing of what the crop was, or what it brought, merely informed them that there was nothing due them which of course they (the Defendants thought

was all that was necessary. I thought otherwise & for the two reasons named I set aside the contract, and directly ordered the matter without reference to it.

Mr Murphy the gentlemen who has charge of the Plantation. I feel myself in duty bound to say, I consider him a conscientious honorable gentleman.

I proceed him on the 8th and the conduct alluded to by Mr Miller was predicated upon his testimony as to the actual value of the crop.

I trust the decision is correct. If I had the right to try the case at all. Mr Miller then all say my decision was just.

But disputes my right to try the case, as you will see reference by his plea hereunto annexed.

I trust I did justice to all parties — Mr Miller disputes my authority, as to that I have not a word to say

I have the honor to bring to your notice the case alluded to in enclosed affidavit.

The facts of which are fully set forth in said affidavit.

The whole difficulty grew out of Mr Thomas Jones having consigned the cotton to Mess^{r}s Jones Gardner & Co in his own name, instead of doing it in the name of the owners, and the reason he gives for so doing, was that he was accustomed to shipping, and the freedmen were not; and further that there were five persons interested in it. The Cotton Bales herein were marked A.G. the initials of one of their number. There was a lot of Corn shipped at the same time, and in the same way, which was sold, and the freedmen rec^d the money. This information I got from Mr Gardner, and further the Cotton account is now on the Gardners Books in the name

of the Freedmen, and not in the name of Mr Jones. They the Freedmen, having been in his office and notified him that they had Cotton and Corn at the Depot Consigned to him &c. From an interview I had with Mr Gardner I am led to believe that there is no doubt on his mind but what the Cotton is the property of the Freedmen.

From what I can learn this whole difficulty grew out of Thomas B Jones having drawn upon Messrs. Lanier & Dwight for provisions for his plantation hands and receipted them his order in payment. They Messrs. Lanier & Dwight, having that Cotton had been shipped by Jones to an other factor doubtless believed that Jones, was about to defraud them. They to save themselves had the cotton attached. After Mr Jones, and the two freedmen had made their affidavits I think they should have dismissed their attachment. ~~After the case and the two freedmen had assembled there~~ - They (Messrs Lanier & Dwight) have been cited in with the enclosed affidavit still the present, and refuse to relinquish their claim. The freedmen doubtless the rightfull owner, are by this means seriously inconvenienced by expense, delay, and loss of time.

I respectfully ask that some prompt action be taken in this case, for unless there is, we may look for many such.

I have the honor to report to you that in obedience to your order of the 20 inst I visited the plantation in Burke County, which was under the control of Mr Jones.

On a careful investigation I was fully satisfied that the three Bales of cotton, which had been attached by as the property of Jones, was justly the property of the employees, who claimed it.

It appears that Mr Jones (without the knowledge or consent of the employees) contracted with Messrs. Linton & Dwight to furnish him rations and supplies generally; which it appears they did.

They under a Lien they held upon Mr Jones's crop; claimed the same, & found the property in the hands of the Sheriff of Burke County.

I had the satisfaction of meeting on the premises, Mr Linton, of the firm of Linton & Dwight, and the Sheriff having the place in charge.

After a careful inquiry, I was perfectly satisfied that the employees were fully entitled to the three Bales of Cotton they had heretofore claimed was justly theirs. And in addition there was due them Six hundred and thirty-Eight 5/100 dollars

The Sheriff who heard all the evidence in the case. That I did agree with me that the settlement made by me, was equitable and just. Mr Linton, agreed, & so did the Sheriff to pay the employees the above named amount; after

which other parties could come in for their claims.

I respectfully ask that this be submitted to the proper authority for their approval.

I have the honor to report that I have been appointed by Maj. Genl O. O. Howard U. S. F. & A. L. dated Atlanta Ga April 23d 1866. with jurisdiction over the counties of Lincoln Richmond Wilkes and Columbia Office at Augusta Ga.

Having been but a short time on duty in my district I have had little opportunity to form the acquaintance of the principal Colored people and those interested in their welfare - I have observed with much satisfaction that very little trouble has as yet been developed between the Freedmen and their employers on account of the late election - The few cases coming under my notice have been amicably settled by the parties on calling their attention to the Order of Genl Meade prohibiting the discharge of Servants for any expression of political opinion. There are a considerable number of aged and destitute people of both races applying to me daily for assistance - and as the Bureau is not now issuing provisions I refer them to the County Authorities But it appears that the County Authorities furnish little assistance and that always in favor of the Whites - The local Courts and Magistrates oppress the Colored people in nearly every case brought before them and on account of the law requiring bonds in double the amount and for the the poor laborer is unable to obtain his hard earned wages by an appeal to justice - In my next report I shall be able to give an account of the schools churches etc established by or for the Freedmen -

I have the honor to report that Yesterday notified Mr A. B. I have the honor to submit for the action of the Asst. Still as Mr Dougherty contracted with Emory for one year and having discharged him without sufficient cause - I think Emory is fully entitled to two months wages as damages at ten dollars per month - the amount he claims - I informed Mr Dougherty that Emory was entitled to damages and I only request that my decision may be approved. I have the honor to report that two freedmen were assassinated near Thomson on last Saturday and one otherwise Rudely pistoled killed - From the statements of parties who were present and witnessed the affray it appears that three were four of the assailants: Col. Lovett, Dave Lilly, Dunlap & Tom Dennis & he did the killing The attack on the freedmen was entirely unprovoked. There was a Magistrate Judge White and a Bailiff (Dave Montgomery) at the house of one Jim Wilson but a short distance from the scene of the affair and none of them made any attempt either to prevent the deed or apprehend the murderers. It is thought that they were in a measure privy to the killing - I most respectfully recommend that the affair be investigated by an officer. I have the honor to invite your attention to the enclosed communication with a statement of all the facts in the case to which it refers. Louis Cunningham (Colored) came to this Office from Columbia Co. on or about the 10th inst. and complained that three men (unknown) came to the field where her husband Moses was at work that time with Corps and carried him away. Asked the women if she knew what the men took him away for and she stated that her husband had purchased a Crop from parties in South Carolina which the men she thought claimed as their property hence their action. Mr Eli Lockhart on whose plantation Moses was at work at the time happened to be in the office and heard the womans statement and he informed me that to the best of his knowledge Moses was innocent of any crime and it certainly was an outrage to Tie a man with Ropes when gentler means would have sufficed Mr Lockhart gave me the address of the magistrate in his district and I addressed to him the following note: Bureau R. F. & A. L. Augusta Ga May 14th 1868. Hon R. Cunningham Esq. J. P. Sir. I understand that an outrage was perpetrated on a colored man named Cunningham in Your district a few days since. Sir:-

I have the honor to submit a report of an investigation and my action in the case of R.R. Lewis and Lee Beale a freedman both of Jefferson Co Ga these parties mutually contracted to (dispute to be adjusted by an agent of this Bureau) farm jointly the current year, commencing on the 1st of January the crop raised or proceeds thereof to be equally divided between them after all necessary expenses had been paid Lewis found fault with the manner in which Beale worked the crop (it is stipulated in the contract that Beal shall work according to the direction of Lewis) charged him with neglect and during his grievance back as far as the 14th March last and finally on the 30th of May he had as he appears a serious difficulty with Beale, all of which he considered a breach of the contract and ordered Beale to leave the plantation - Beale came to Augusta stated the case to me and asked for redress I proceeded to the plantation on the 4th inst and directed both parties to bring forward their witnesses or other testimony when Lewis requested that the matter be left to three disinterested parties - which on consulting with Beale I agreed to, I provided I was one of the parties chosen and with the understanding that the proceedings were to be submitted to me, I for his action and decision which was agreed to - and Lewis chose B.F. Shepherd - Beale chose George Yochray and they chose me - After going over the crop & examining the farming implements - and listening to the testimony of both parties it was decided agreed to by the arbitrators that Lewis had no cause of complaint that Beale had not violated the contract and that the parties were to continue on under the contract until it was executed - The decision of the arbitrators was presented to by Lewis which ended the case - This in my opinion a bold proper attempt on the part of Lewis to defraud the freedman out of his years labor and capital amounting to more than four

hundred dollars, He is now amply secured against injury in the future from Lewis as the gentlemen who were associated with me as arbitrators reside in the neighborhood and will if necessary aid him to obtain redress, they having known him more than forty years as a peaceable honest well disposed person - I most respectfully request that my action may be approved.

Sir:

Mr Sally Williams a freedwoman entered complaint at this office against Wesley Bartlett of Richmond Co. for the custody of her daughter Mollie aged eleven years.

She stated that her daughter has been in the family of Mr Bartlett since 1866. That as soon as she was emancipated she made application to Mr Bartlett many times for her child but was refused each time, and driven off. I notified Mr Bartlett to deliver the girl to her mother or I must cause which was refused. I again notified him to produce the girl before me stating that unless he complied with my request I should feel summoned to prosecute him for unlawfully detaining the child depriving the mother of her child. She brought the girl to this office on the 20th inst and displayed an Indenture made by the Judge in Ordinary of Richmond Co. in 1865 binding the girl to him until eighteen years of age.

She stated that the Indenture was made without the consent of the mother but with the knowledge and consent of Captain Campbell of Genl. Tillson's Staff. The evidence of the alleged action of Captain Campbell in this case exists either on the Indenture or among the records of the Court of Ordinary of Richmond Co. and even if the allegation were true the Indenture would be illegal, being a violation of Circular No 3 Series of 1865. Office Asst Comr of Georgia the consent of the mother who was present not having been obtained she being of sound mind and capable of supporting her family. After carefully investigating this case and consulting with the Asst Comr I decided that the woman was entitled to the custody of her child Mr Bartlett verbally protesting against my action. I gave him a month in which to obtain evidence before the case was disposed of.

Sir.

In accordance with Special order No 44 Hdqrs Asst Comr of Ga dated June 27th 1868. I proceeded on the 13th inst to Appling Columbia Co for the purpose of investigating the case of Thomas Smith a freedman against George Gray his employer referred to in my letter of June 27th 1868.
On my arrival at Appling I learned that Smith had left the place fearing if he remained he would be murdered and I have not since been able to ascertain his whereabouts. I was informed by many respectable citizens at Appling that small parties of mounted men supposed to be of the Ku Klux Klan patrol the county at intervals to the great terror of the Colored people. A short time since they appeared in the neighbourhood of Appling and broke up a peaceable meeting (for religious purposes) of the colored people by firing through the doors and windows of the building. I learned that no one was injured and I infer that the shots fired were blanks and designed more to frighten than kill. These parties make their appearance on very dark nights disguised with masks so that it is impossible to distinguish them. I think that a trust worthy Non-Commissioned Officer and four men sent to Appling for a short time would restore confidence among the better disposed portion of the Colored people and perhaps be the means of averting serious trouble.

I earnestly advised the freedmen as to abstain any resistance unless they were actually fired on and never to assemble in large numbers armed as they would by so doing violate the law and invite attack by their enemys I settled several cases where at applying between the freedmen and their employers none of which were material

Sir,

I have the honor to report that in accordance with instructions, I proceeded to Dearing Station, Columbia Co Ga. I found out what disposition was made of the four colored men, who were put on the freight train at Camak Station by the Freedmen Agent of Warrenton & the Sheriff of Warren Co. the 21st inst. Augusta Ga for safe keeping while proceeding thither I anticipated trouble ahead & I found it necessary to adopt some plan to fool the enemy & save myself & the Negro Bailey who I was to get my information from any suspicion, as it is supposed he knows what was done with the four colored men. I happened while on Dalton there a yellow boy of the name of Robt Crawford who used to attend my horse. I had often heard him say that he was raised in Columbia Co & belonged to the Crawfords of same County. I therefore took the ground that I had a message from Crawford to Bailey & as the legend will show—was just out to both of us.

On the cars arriving at the Station, I got out & walked towards the Water tank, I there saw a colored man of whom I asked

when Jim Bailey (Col'd) lived, he said about one mile & pointed the direction to take. I turned towards the rear of the train & walked some dozen paces, when I met a colored woman, I asked her which way I was to take & go to Jammie Bailey's, as the roads forked, she pointed out to me the right hand road, at this moment the train started, I walked rapidly & got on the road, I had to turn outside of a fence & when I advanced about 50 paces a white man started after me, that Bailey I was looking for, was working for him, he asked me what I wanted with him I told him I had a message for him from Robt Crawford at Dalton, North Georgia, he said he was in the woods splitting rails & he was going out right away, he would send him, but that I was not to keep him long from his work as they were very much pushed with their work. I promised that I would only keep him a few minutes, I sat down on a bench & in a few seconds several bunches of men, boys gathering & he seemed to be talking very seriously to one another. I was in the act, on a short time Bailey arrived, he was announced to me by a young man that was apparently their leader, I spoke to Bailey & told him, I had a message for him from Robt Crawford in Dalton & I wished to deliver it him, I pressed in waved him along with me up the road & I waved to see him what it was, I moved some distance when the leader & the others began to close up with him, spoke out & said we want to know your business here & we don't allow you to speak to the niggers in private, what you have to say, you must speak in the presence of us all, I said I did not think it was any of their business to know what my business was, that I had a private message to Bailey that I wished to deliver him & it would save the private message if I was forced to deliver it to them, I therefore declined to do so. He said he was a white man, I said I am also a white man. He said he had his doubts about that. I then told him I was a white man before he was born & a gentleman & soldier to boot. I could see that they were gathering about me, I was determined to take possession of them & when one roused I roused but to see when it would end, I therefore with one stroke of pistol cried Halt. Now I am arranged in your midst all my personal rights as a free man violated, this unwonted attack by my personal freedom is unparalleled save by the Espionage established after the Great French Revolution

It seemed to have the desired effect, the leader said

Lieut H. Catley 1st Lt. 18th Inf. Sub Asst Comm Augusta Ga

it was the distorted State of things that was the occasion of it. They did not know but I might be one of that party that caused it. I saw it was impossible to have any private conversation with Bailey & told him to return to his work, as Bailey was in the act of Camp. They asked him did he know R. Crawford He replied Yes.

I was anxiously waiting for the Cars, to destination they arrived & I was glad to get out of that place but was sorry I could not accomplish what I came for

I have the honor to be, Col.

Sir,

I have the honor to transmit herewith my report of the condition of freedpeople in the several Counties of my division viz. Richmond, Columbia, Lincoln & Wilkes Counties.

I found in these last named Counties particularly hostility to the colored people. Assassination of freedpeople as of such common occurrence that before the last trace of murder passes away, another more terrible takes its place. The colored people in these Counties in giving any information for fear it might lead to & as they say themselves, they consider their lives constantly in danger if discovered.

I am satisfied in stating that many murders occur that cannot be discovered at present owing to the terrible fear the colored people are in, if they should give the least clue to them, for which reason they cannot be punished as above stated.

Assault & battery are an every day occurrence such as whippings beatings &c. I have talked freely to the colored people in public though my several Counties & they do not appear to fear that there is another war or notice for them, they cannot get lawyers to attend their cases if they did the juries would not convict & no Grand Jury would bring in a true bill. They frequently told me that their condition was worse now than when they were Slaves, then they could

work & have their every wishes, but now they are reduced to starvation prices for their labor & cannot even get that. Also with the additional fear that when they go to bed at night, they don't know whether a marauding party of Ku Klux may appear fully armed & kill them & in their cabins. The parties that commit these outrages, are at large, they pride at the idea of justice overtaking them, in fact they have every thing their own way.

The freedpeople are not generally payed for their labor, when they ask for a settlement, the least insinuity of them is answered by telling them that they will be after them in a certain night. It also happens that when they want them to leave they refuse & that them. So that they start without any pay, the poor colored people abandons every little thing they have & are glad to escape with their lives.

I have not talked to several Ku Klux Cases & apparently no remedy for them.

The Presidential Election in November was a complete farce, so far as the freedpeople having the right to vote is concerned. In Columbia out of 2 to 600 votes Grant received one vote Seymour 11, not voting from personal fear 1150. There was an effort made to supply the colored men with tickets at different Cross Roads in the County town of Columbia, but the spirit of the County took the tickets away from them & would not let them vote the Radical ticket.

I am sure that the intimidation used of such a nature that scarcely one freedpeople from Lincoln Co. Wilkes Co. Columbia Co. Richmond Co. Burke Co. Jefferson Co. Warren Co. Taliaferro Co. Hancock Co. Glascock Co. Jefferson Co. Wilkes Co. Lincoln

Notified but to return to Washington by Steamer. Of course the School is discontinued & no person will take charge, through personal fear.

Taking a summary View of the State in my Division the prospect in the future is gloomy Society demoralized, the Conduct of the Blacks is crimes from bad to worse, Assassinations and murder Stalk Abroad, Law & equity Set at defiance & nothing but the stern Exicting arm of the Government Bayonet from one end

Bureau R. F. & A. L. Office Agent. Augusta Ga June 12th 1866.
Respectfully returned to Lieut. M. Frank Gallagher. A.A.A. Genl thro Lieut. H. Cathey. Sub. Asst Comr Augusta Ga with the information that Every effort to obtain evidence in this case, has been made without success. The fellow laborers of Coleman, thought they were present and heard Mrs Cato say that, "No Nigger who votes the radical ticket shall work for me" refuse to testify for fear of their lives and becouse they too would meet with the same fate as Coleman. Coleman was the only freedman on Cates Plantation who voted - the rest of the freedmen were threatened by threats from voting either way. I notified Cate twice to file rebutting testimony and he has paid no attention to my communications. I respectfully suggest that this case remain in abeyance until the crop is gathered and shipped to this city when it can be seized or a suit instituted to recover the share of Coleman as if he had worked the whole year. His share according to the the terms of the contract (Marked) would be one tenth of one fourth of the whole and would probably amount to about two hundred dollars.

NARA 91

Washington Wilkes County Georgia
12 June 1867

Capt. W. J. Trowbridge
Comdg Post Athens Georgia

Captain:

At the August term 1866. of the Court of Wilkes County, Abram Hardeman a Colored man was indicted by the Grand Jury and tried before a Petit Jury for the offence of Vagrancy, and convicted, in due form of law, and upon unquestionable evidence as appeared to the minds of all who heard it. He was sentenced by the presiding Judge to pay a fine of Four Dollars, and all costs or in default to labor on public works Three Months. Upon his trial he was defended by a first rate Lawyer. Jno H. Hull Esquire appointed by the Court to that duty, on the showing of the defendant that he had nothing to pay or employ Counsel.

After sentence was passed upon him Abram sent for me, and at his urgent solicitation I paid his fine and costs (total $ 52.25) to save him from the jail. upon his agreeing in solemn written compact to work for me 12 months, I supporting him meantime. This I did on his account only and not because I needed or desired his labor. Being released he entered into my service and was

NARA 92

fed, and allowed privileges just as many others now in my service. But after a few days he was off, went to Augusta, and obtaining the ear of the Military authorities, made such representations to them, that without any enquiry into the matter that could result in truth, they sent me orders that I should require no further work of him. This was, between Abram and the Authorities a complete swindle upon me - who being entirely disinterested, and only upon his urgent request and solemn promise that I should be paid for it in work, had paid out my money $52.05 to save him from the penalty of the law, after fair conviction in open Court of the offence of Bigamy. I have laid out the money, and got nothing for it, and now will unless you interpose.

Mr Hull, the Attorney who defended Abram, moved to Augusta shortly after the trial of the case, and at my request he visited the Comm'g Gen'l to enquire if I could have no redress for my loss, and he told me afterwards, that upon his representation of the case, the Comm'g Officer had assured him that he would see that Abram either returned to my service, or should pay me my money. But I never heard a word more of it. Mr Hull, as Counsel for Abram could endorse my statement, but he unfortunately died quite suddenly three or four years since. He is one of the family of Hulls living in Athens

NARA 93

I respectfully request that you will take
this case into consideration, and if you can
agree with me that it is but justice, direct
that Abram return to me and fulfil
his contract for 12 months labor, or refund the money with interest
legally & morally bound to me, and I should
not be the loser for my generosity to him.
There is no Bureau Agency in this County.
and I would ask, if you see fit, that the
County Court or its judge
~~Judge~~ enforce your order in the case, as
he will do if ~~directed~~ allowed the contract being a Court Contract
Abram is still
remaining about here as usual.

Dear Sir I received the papers in the Abram vs Wylie case, & in answer I have to say that I believe the facts stated in the letter to Capt Trowbridge are true. I know little about the trial for vagrancy, but I believe it was a fair one, as times go, although the charge of vagrancy is a favorite way of getting negroes back into slavery, & action founded upon such a charge should be taken with a great deal of caution. The rebel (whoever he was) that drew Wylie's statement talks about "generosity", there was no generosity in the case, Wylie wanted Abram's work, and Abram wanted to get out of jail — hence it was a bargain not a benevolence —

The contract is for one year. For $52.15, per month you can judge, as well as I, if $4.33, is a fair price for an able bodied mans work But Abram is a grand rascal and ought

NARA 108

to be put to work, on general principals, aside from the judgment of County authorities which are the same measures & Thoughts of Emerson - So I think he ought to be remanded back into Wylie's service a sufficient length of time to work out what he owes Wylie -

I shall be in Augusta next week & you may count on my presenting a bill for services as agent of the Freedmen's Bureau (this & other cases) One hundred dollars, if you are not prepared to pay I shall compromise with you amicably, or the Bureau can go into Bankruptcy -

Yours Truly -

I have the honor to acknowledge the receipt of the above statement of Mr Woodstock, attorney for Mr & Woodstock as far as it goes. He has however failed to notice one important fact, and that is that Alsop Ryle, had established several times for the matches call. for in this recently during the life time of Mr Morgan, and since his death to Mrs Morgan, and in the presence of Mr Woodstock - neither Mr or Mrs Morgan or Mr Woodstock as far as I can recollect denied them. - There was no evidence that Mr or Mrs Morgan ever saw the matches -. They were placed in the hands of Mr Woodstock. who gave the annexed receipt. - Mr Woodstock tells that he gave the matches up to this or his agent man without demanding the receipt, is to make the best of it unreasonable.

I have the honor to bring to your notice the case enclosed to me enclosed a file dan 6.

The facts of which are as follows as far as they go. The whole difficulty grew out of the Planters having consigned the Cotton to Messrs. Saunders Gardiner & Co in his own name instead of doing it in the name of the owners, and the reason he gives for so doing was that he was accustomed to shipping; and the freedmen were not; and further that there were five persons, freedmen, interested in the Cotton Bales were marked No. 6. the initials of one of their number. There was a lot of Corn shipped at the same time and in the same way, which was sold & the Freedmen received the money. This information got from the Gardiners, and further the cotton account sales is often now on the Gardiners books in the name of the freedmen, and not in the name of the owners. — From an interview had with the Gardiners, I am led to believe that there is no doubt, on his mind, but what the cotton is the property of the freedmen.

NARA 108

You will find a case, I have no doubt, but what this is one of the greatest outrages ever known. Many dream of the glorious liberty & Freedom for the Freedmen heard, and pledged them his oath in payment. They Messrs Linton & Wright learning that cotton had been shipped by Jones for another factor, accordingly the. -cried that Jones was about to defraud them.

They to have them arrested have the cotton attached after Mr Jones, and the two freedmen had made their affidavits, I think they should have dismissed their attachments. They (Messrs Linton & Wright) have been called on with the enclosed affidavits, which they present, and require to be relinquished their claim.

The freedmen, doubtless the rightful owners are by this means seriously incommoded by expenses, delay, and loss of time.

I respectfully ask that some prompt action be taken in this case, otherwise we will be annoyed with many such.

I am Col.

Respectfully

Dear Sir:

Being unable to prepare Mr Crawfords statement in the Printup case by Friday, I came down to see you in person to ask a postponement; and regret not finding you at home.

My ground for asking a postponement is that Mr. Sam. T. Neal, who is an important witness for Crawford, is from home, and I cannot get his testimony. I expect to prove by him that Printup purchased (or acknowledged that he purchased) the claims in dispute, from Key and Patterson and paid for the same at a heavy discount. This, you will see is important evidence; and therefore I respectfully ask further time, not to delay the case, but that justice may be done.

Will you be kind enough to instruct me at Thomson Ga.,

Sir.

I have the honor to report that I yesterday notified Mr. A. B. Camp not to pay the Richmond County Court or any of its Officers a small sum of money in his hands belonging to "Berry Going a Freedman" but to retain it in his possession till further -

I had every reason to believe that fraud would be employed in order to obtain this money, and unless I acted promptly, it would be placed beyond the reach of recovery, involving endless litigation. I understood it is the intention of the Court to report the matter and I hope the Asst. Commissioner will sustain me as my action was prompted by a desire to see justice done to the Freedmen.

NARA 125

Augusta May 11. 1868

Genl. I have the honor very respectfully to submit my statement and act of facts in the case of Isaac Emery, who sues me claiming damages of Twenty Dollars.

I had Isaac employed the latter part of the year 67. his work was to feed and attend to mules, seven in number, this was in Burke Co, I carried him from this County Richmond - while there he asked my advice about marrying a girl, that she had met. I told him not to marry such, he had found a working woman, one that could help him along in the world - he married. So that on his return to Augusta he must bring a wife, this caused me to take some interest in him inasmuch as he had asked my advice. So in Jany commencing this year I employed him by the month to work on a farm near this city - and to be head hand, or the responsible and leading one - I employed him by the month, and so informed him, to give him a trial as I knew nothing

NARA 126

about his capacity as a farm hand, much less as a directing one, tho' he represented himself as very capable. And his wife as a worker + the kind (River corn lands) I knew was here to him, tho' as I had brought his wife from Burke and made his many promises I gave him charge as managing hand, Seen on the place - I engaged him at $8 pr. month wife $8 pr mo - an increase afterwards was promised as soon as his capacity was shown - hands were then being paid at 6 and 7 $ pr mo. the wages I paid the rest - I have been obliged to change all the hands as they were from the up country + the stiff lands + unhealthy locality - regards what is called "Swamp Lands" but soon after commencing operations I increased voluntarily and of my own accord the wages of all to 10 $ pr month this in act of the increase in wages all about and the works being handed from the light upland -

About one month after Isaac commenced he was sent to town (4½ miles) with wagon, he got drunk and hitched his wagon to a tree in the city - (against city ordinance and fine of 5$) he had to be

NARA 127

hunted up, was found about 12 ock or later
on his returning the wagon to the place he
was discharged = but he came to me and
made such a promise that - I took him
back saying the next offence would be
final - I gave him work to do on some
different time, that he left as soon as
my back was turned - I set two instances
once in planting corn, and again in laying
off the land to plant, I was afraid at those
times that I was dissatisfied and that - he
would not do - latterly he was told
to take some old plows and rubbish
from under a barn; and soon as I was
out of sight, he quit the place and
went up the river in a boat - many
other causes occured for dissatisfaction
not as important to the success of farming
but would appear frivolous to recite - Enough
that I was determined to discharge him
as soon as I could get other hands/ He
had a Bro from other land he brought
to the place which would go with him) -
I could not inform him of this as he
would do nothing and other hands were
scarce - and I really feared he might burn
barn or other property - he was discharged
safely and alone for inefficiency -

NARA 128

Ks wife may testify and impudent. they dsare acknowledge to me, and said he could help it - all she had to do was to feed a dozen pigs - milk one cow (she had all the milk, I had no use for it) and attend to the Chickens and the small Yard - when I would direct her to do any thing, she would answer that "Mr Emery would do it" or something after that, meaning her husband - when told to drive a calf out of the yard replied, that she would not go into the yard for any calf - After the Election I was able to get Hands, and I think they acted radical, I employed them "Swamp hands" under I think a good leader, (on after my former hands) and discharged Isaac & wife - I settled up with him at the rate of $1.25 pr Month with his wife at 50¢ pr Month - they the acknowledged in Capt Whalen dep't. U. S. Treasury He is now Suing me for damages, I claim that I have not damaged him - at the time his discharge I told him to remain on the place & keep his wife there any

NARA 129

reasonable time until he could get a place - my neighbor Mr Howard told him he would employ him after he was discharged if I had no objection. I told him I had no objection and told him to tell him recommending Isaac as a good workman when the proprietor may write him but did not do so well when left to himself," I then Mr Howard superintended all his work - Isaac insisted in leaving immediately - saying to me settle up I want to get off of your place -

I believe Conscientiously that he is misdirected and regrets his hastiness - he admits in Mr Whalens office that - he had rather work for me than any other person he ever saw - I treated him kindly and was willing, as I have been with all black people, to advance them all I could. He had only a few more work to perform was allowed Every Saturday from 12 ock - as much land as he could attend on his own act, in his own and odd time, my teams to work it with - I fed 3½ lbs best Bacon & peck meal, 1 pt Molasses - per week, with all he could raise on a garden one day to run with mine, the whole yard to raise Chickens - he could not stand living Easy and became lazy, and ruined -

NARA 130

I did not know until I heard Capt
Whalon say in his affici that I was
had voted the radical ticket - I
have refused Capt Whalon to any gentlem
in the city white or Colored citizens from
my character for fair dealing. and
Especially toward the unfortunate Colored
ones -. I could furnish you with
Certificates and Evidence from the
people in the place, and them in the
city, to verify. the facts set forth above
but from intercourse with Capt Whalon
during the investigation I do not
Consider it necessary

Very Truly

General:-

In compliance with your Endorsement dated May 15th 1868; relative to claim of Geo. Morris, freedman, vs Messrs Livesey and Beckwith for wages;- I have the honor to report the following: I have seen Livesey and Beckwith, and they acknowledge that there is about 25.$ due him for his services, after deducting an account they have against him, for advances made in money, clothing, &c. They state that they are unable to pay the money, not earning more than they need for the support of their families, and, that they have lost all their money in planting last year, now running out in debt. They left property amounting to 1100.$ behind on the plantation; consisting of 2000 Bus. of Cotton seed, 4 wagons, 1 horse, and many plows and other farming implements:- being far from the Rail Road, and unable to sell these articles owing to the hostile feelings of the inhabitants;- in order to secure the claims of the freedmen they had employed, (which did not exceed 500.$), they applied to Col. Ehlers, Sub Asst. Comr. B. R. F. &c. at Augusta, Ga.; to take charge of that property and dispose

NARA 136

of it, and with the proceeds pay the freedmen.
They furnished him with a list of their names and their accounts. Col. Ehlers did not attend to the case until the end of December last, about two weeks after application had been made to him; and, when he took charge of the property, most of it had been stolen, and what was left was insufficient to settle the freedmen's claims. The papers are said to be on file in the office of the Agent at Omaha.
George Morris appears on the list as Geo. Deuffy.

Sir. -

In accordance with instructions from the asst Comr dated June 1st 1868. in the case to which the accompanying papers refer, I have the honor to submit the following report of my investigation together with all the testimony it was practicable to obtain. - The papers (marked "A" & "B") contain all the testimony adduced against Spencer Lane before the committing Magistrate (Cunningham) and the evidence upon which he was convicted of the offence before Judge Talom and fined two dollars and costs - in the aggregate - twenty six dollars - Judge Talom (see his letter enclosed) says that the witnesses for the prosecution drew & swore that the property was stolen about the 16th of April last, while they testified before me it was on or about May 15th ensuing afterwards - This is a considerable discrepancy -

NARA 154

I enclose affidavit of the mans wife in
reference to what Cunningham said to her -
No other testimony could be obtained to support
her - It appears that as soon as Talano received my
letter requesting a transcript of evidence &c, he
notified the parties engaged in the prosecution,
and advised them to have the case settled as
soon as possible so as to avoid an investigation
by Military authority. They acting, it is fair to
presume, on his advice, induced the prisoner
to waive indictment by Grand and trial by
petit Jury, which brought the matter under
Talano's jurisdiction - If their conduct had
been honest and unbiased towards the
prisoner from the beginning, why should
they go to the trouble and expence of
having the matter settled? Then again the
evidence, as the Judge states, was conclusive
and left no room for doubt why then did
Judge Talano permit the prisoner to escape
a just penalty? Surely ten dollars fine
for the crime of buy stealing is not adequate
especially when the evidence is conclusive and
there are no palliating circumstances.

NARA 155

Chamberlain States that Cunningham gave him no opportunity whatever to produce either testimony in his favor, or Bail, He was marched to Lincolnton and incarcerated without a single opportunity having been given him to consult with his friends, and the consequence is, his little Crop is quite ruined which may possibly result in destitution for him and his large family - From all I was able to learn from his many Employer and others, he is regarded as being a good man to work and honest - Cunningham is an habitual drunkard, and is regarded in the neighbourhood as worthless and entirely unfitted to dispense justice, I could not see the man, thought I made every reasonable effort to do so in my power, Dean is a young man of twenty - a perfect desperado and the terror of his neighbourhood - He informed me that he was arrested in South Carolina by the Military authority a short time since and I infer he was an exile. The arrest of Chamberlain was attended with all the brutal circumstances stated in my letter of May 29th -

I have the honor to invite your attention to the enclosed communication, with a statement of all the facts in the case to which it refers:- Jennie Chamberlain (Colored) came to this Office from Lincoln Co, on or about the 10th Inst and complained that Miss mun (unknown) went to the field where her husband, Moses, was at work, tied him with ropes, and carried him away- I asked the woman if she knew what the men took him away for, and she stated that her husband had purchased a hog from some parties in Lincoln County, which the men she thought claimed as their property, hence their action. Mr. Eli Lockhart, on whose plantation Moses was at work at the time happened to be in the Office and heard the womans statement, and he informed me that to the best of his knowledge Moses was innocent of any crime, and it certainly

NARA 160

was an outrage to tie a man with ropes when
gentler means would have sufficed - Gen Lockhart
gave me the address of the Magistrate in his
District, Wm. Lowe R Cunningham & when I addressed
the following note - 1 Barrack R. F. & A. C. Augusta. Ga.
May 14th 1868. Wm R. Cunningham Esq J. P. Sir: - I under-
stand that an outrage was perpetrated on a Freedman
named Chamberlain in your district a few days
since, Please investigate the matter and let me know the
result at your convenience - I am, very respectfully,
Your Obedt. Servt. H. S. Whaley, Agent 1 Barrack.
To which he sent the reply I have had the honor
of receiving your attention to - You will please
bear in mind that up to the receipt of Mr
Cunningham's letter enclosed I knew nothing
about the case beyond what I have stated,
The woman went to Mr Cunningham and
asked him where her husband was and what
they were going to do with him, and he brutally
replied that "he was going to send the damned
nigger to the Penitentiary where his Yankee
Yankee friends could not get him to vote the
radical ticket again". This is I believe a
full statement of the case. (over)

Lieut. H. Frank Gallagher.
A. A. A. Genl. Atlanta, Ga.

Sir:

I have the honor to submit report of an investigation and my action in the case of R. R. Lewis, U.S. Ins. 1 Berle Friedman, both of Columbus Ga. These parties mutually contracted (disputes to be adjusted by an agent of the Bureau) to farm jointly the current year, commencing on the 1st of January, the crop raised or proceeds thereof to be equally divided between them after the expenses incurred for rent of land, (two hundred & fifty (250) acres) and all other expenses in the planting, cultivation, and gathering the crop, both men paid. Lewis found fault with the manner in which 1 Berle worked the crop, (it is stipulated in contract that 1 Berle shall work according to the direction of Lewis) charged him with rascals, conduct, neglect, and during his guardianship generally, as far back as the 14th of March last and finally on the 30th of May he had, as he alleges affirms, a serious quarrel with 1 Berle, all of which he considered

NARA 166

was Guilty of Contracts on the part of Beale and ordered him to leave the plantation. Beale came to Augusta and stated the case to me asking redress- I proceeded to the plantation on the 4th inst and directed both parties to bring forward their witness or other testimony. When Lewis requested that the matter be arbitrated by three disinterested parties, which, after consulting with Beale, I agreed to, provided I was one of the parties chosen- and with the understanding that no any event the proceedings were to be submitted to my Chief for his action and decision, which was agreed to and Lewis chose J. H. Chappelier and Beale selected George Zachary and they selected one, After going over the Crop, Examining the farm implements, and listening to the testimony introduced by both parties, it was agreed to by the arbitrators that Lewis had no cause of complaint, that Beale had not violated the contract- and that the parties were to continue on under the Contract until it was Executed- The decision of the arbitrators was assented to by Lewis which ended the case. This was, in my opinion, a palpable attempt on the part of Lewis, to defraud the

I have the honor to enclose for your consideration the evidence in the case of Andrew Brown Vs Mrs Martin or Mr Dunicot, also to state that Andrew Brown made his complt for settlement at this office on the 3rd inst I/c stated that the only two remaining bales cotton on the place would be sold on that day and unless prompt action was taken a sufficiency of the crop would not be obtained to secure his pay. I immediately dispatched Mr Stonaker, (bailiff) to take charge of & hold the cotton until further orders from this office. The cotton, one bale only was sold

before his arrival, but upon demanding the proceeds of young Martin he received the sum of $50 00. which I now have in my possession.

I have directed Mr Stonaker to take charge of the trunk of clothing & the buggy of Mr Denicot until further directions. I am satisfied that Irving should be paid out of the proceeds of this property rather than with the money I now hold, And if allowed to sell the property and the proceeds should not be sufficient to pay him without deducting from his wages for lost time, I will unless otherwise ordered by you make a reasonable deduction for same, before I take any part of the money of this widow woman to pay him,

I request authority to sell the trunk of clothing & the buggy & use the proceeds in paying unless Irving

Sir

In pursuance to the accompanying papers calling for information of the whereabouts of "Ede" and "Prue" parents of one "Miles" formerly the slave of John S Hudgins of Mathews County Va. I would state that the said "Ede" and "Prue" were sold by their respective owners "Hudgins," and "Stokes" nearly eighteen years ago at Richmond Va. since which time no person, from a acquaintance in this neighborhood has heard from or of them. and owing to the death of both Hudgins and Stokes, which occurred nearly ten years ago) all trace of them whereabouts is lost.

"Ede" the mother of "Ede" and grandmother of "Miles" still lives, and though her life has been prolonged to nearly a century of years and is now in her dotage. She yet remembers her grandson Miles. and desires to hear from him" She is well cared for by his former owners sons.

I have the honor to present the following statements, in relation to the freedboy, Frank Williams", named in enclosed communication dated "Bureau R. F. & A. L. Augusta Ga. July 22d 1868." and returned in accordance with directions, based on inquiries made of brother and sister of said boy now residing in this vicinity.

I have the honor to stat, that the within named freed-boy, Frank Williams, has one sister residing in this city employed in the capacity of nurse in the family of the Mayor,- one brother employed as laborer on the plantation of one Mr. Hayes White.

about five miles from this city, and an-
other brother, now incarcerated in the jail
of this Parish under conviction of the crime
of arson, on which he has been sen-
tenced to the Penitentiary of this State(La).

I would further state, upon in-
formation received from the sister and
brother aforesaid, that the parents of
this fred-boy, the said Frank Williams,
are still living, that they are now re-
siding in the State of South Carolina, that
the father, Frank Williams, is now lo-
cated in Charleston, S.C. and the moth-
er, Phennie Williams is in Orangeburg, S.C.

I would state, also, that, in Feb-
ruary, 1867. the mother of this boy, the
said Frank Williams, then residing
with her children on the plantation
of Wm. J. Sharp, in this Parish, went
to Charleston, S.C. to rejoin her hus-
band who had previously gone
thither taking this boy with her,

NARA 215

and that, about three weeks after their arrival, the said boy suddenly left his parents without their knowledge and consent; since which time they have not been enabled to obtain any information of him.

In reference to the ability of the sister and brother of the said Geo. Boy, Grant Williams, to provide means for his transportation, or for his maintenance or support, I have the honor to state, upon their own declarations to me, that it would be utterly impracticable for them to attend the required assistance in either case, inasmuch as they are themselves employed at daily labor in the manner previously described, and for very limited compensation.

I have the honor to apply for transportation to Baton Rouge. La. for Hewlett Williams freedboy twelve years of age whose Father and Mother died in this city since Emancipation leaving him in destitute circumstances.

The boy states that his Brothers and Sisters are living with Gen Williams Sharp one mile from Baton Rouge, and would provide for him could he reach them. If it is ascertained that the boys statements will provide for him, I respectfully recommend that transportation be furnished him to the point designated.

Sir:

Rev. Charles L. Bradwell, pastor of the African Methodist Church of this city has applied at this office for assistance to complete the school building which that society have partially erected upon the grounds belonging to that church. I have visited the building, and find it to be raised, weather boarded, shingled, and partly floored it is 25 X 35 ft inside measurement, and is well situated for a school. The church desires this to be a self sustaining school for the children of the members of the church, reciving pay from all who are able and free to those who are not, they propose to pay their own teacher and bear all of the expenses of the school after they get once started.

It is estimated that it will cost

NARA 250

250 or 300 dollars to finish the building and fit the room with benches, tables &c. The church appears to wish to make this school independent of all aid outside of the church.

Mr. Bradwell saw Genl. Howard personally when he was in this city and the General sent him to me. The General also remarked to me that when this matter was brought to my notice I should say that "he had considered it favorably"

All of which is respectfully submitted for the consideration and instructions of the Asst. Comr. State of Georgia

The object of the enquiry in the letter from this office appears to have been misunderstood. This soldier has been but recently discharged, and if he is entitled to a pension the necessary facts should appear upon the Surgeon's Certificate of Disability upon which his discharge has been ordered. (Note 1, Form 13, Med. Dept. Rev. Army Reg.) His object in enquiring, was to learn, if possible, whether such statements had been made upon that paper as would probably secure him a pension, and if so to intimate that he desires to be addressed at "Augusta, Ga."

Sir:

I Respectfully State that Lucretia Harris (colored), an under tenant holds now in violation of my rights & without paying rent in advance as per agreement. This case has allready been brought to your notice. In addition I would Respectfully state, that the said Lucretia Harris is a woman of bad reputation & a nuisance to my house. — She has had orders from your Department to vacate, but she refuses & also refuses to pay. This part of my house has been rented to a respectable man of family since the first day of January & they are now without a home in consequence of not been able to dispossess this woman.

I therefor Respectfully ask, that you may issue some process or order, that I can have her removed & procure a good, honest & respectable Tennant.

I have been called on to act in a Case between two Col'd persons, the amount in question exceeds my instructions as per Circular No. 4, Paragraph 3 from your office —. The Case I allude to is between a man by the name of. Brand v. Poer.

This Case was referred to me late on Saturday evening last. — And it was represented to me that Poer had a considerable amount of goods sold at the Auction store of Messrs. Day, Russell & Benjamin, and further that Poer was about to leave the City, Such being the Case I issued a notice which was served on the Auctioneers to withhold all funds or property they then had in hand belonging to said Poer. —

Respectfully submitted for your instructions in the premises.

Yesterday while away from my plantation a certain Mr J. H. Jones came into my field where the aforesaid was working and took it away.

I as well as Mr. Jones live in Columbia Co. but within nine miles from this city, Augusta. - It would be much more convenient for both Mr. Jones and myself to have this case tried before Mr Davis at this place; as it is twice the distance from our places of residence to Columbia C. Lying before us is a summons from the Freedmen's bureau of Richmond County, requiring Mr James McGruder of this County (Burke) To be and appear at the Office of said bureau on the 9th day of this month To answer the charge demand of Bob McGruder: We know nothing of the nature of the charge preferred &c. &c

As a matter of course, there being an agency established in this town for the benefit of the Citizens (both white & black) of this County, and our client Mr James McGruder being a permanent resident of the same— we would respectfully ask that the case be transfered (or rather turned over) To the Bureau of this (Burke) County for trial: We ask this deeming it To be a fundamental principle of law that all offences are To be tried in the County in which they are said To have been committed. After appending the names of the parties composing the Agency at this point (Waynesboro) who are very reliable gentlemen To wit:

I received a notice from you yesterday to appear at your Office to-day to answer to a charge preferred by Mr Frank Crumps. I am not able to appear in person. being quite unwell. Think it proper to State to you. that this Boy Frank Crumps was arrested in this County on the 16th of last month & Taken before the Agent Freedmen's Bureau for this County. Charged by myself with Stealing a Bale of Cotton. The Agent Stated that his power was to limited to inflict a punishment commensurate with the Crime. So he turned him over to the Civil Authority he then had a Trial in a Justice Court. & upon the evidence adduced. was Committed to jail to await his Trial at the March Term of the Superior Court. & on the night of the 26th Jan. he the said Frank Crumps with 6 other prisoners broke jail & made their escape. These are the Simple facts in the Case as can be attested by Mr. S. Crawford the Agt F. B. I have the honor to present for your consideration The following evidence in The case of The State vs. Nelson Mickins Col.d. c. For riotous Conduct in The street of Augusta This morning at 3 O.clock

The evidence of a Police officer of this city, was That his attention was call.d to the direction of where The defendant was who was very noisy swearing That he was not afraid of any White man, or officer, That he The officer Call.d on Nelson to desist or he would be compelled to arrest him, he continued his loud swearing & threats, when The policeman step.d up to him to arrest him, when he Nelson fired a Pistol near his face, when he run off and was caught by a night watch. —

The night watch heard The Pistol fire, and he was satisfied one of The two fired, but he could not tell which. — A Citizen was near by, heard Nelson loud swearing, and damning White men and officers — She could not tell who fired The Pistol —. Nelson plead guilty to the charge of his noisy & riotous conduct, and said he was under The influence

I have the honor to request for your consideration the following facts in reference to the charges against Alfred Johnson. viz:

Alfred Johnson and Rich Davey both Col? men chg? with the drinking of a Can to a Butchers Pen, This they did and was on the eve of Publicly so, and probably would have done so but for the timely absence of Mr Lowry the owner of the Cow.

They stated that a man by the name of Jim Crawford engaged them to drive the Cow. -. And Mr Lowry since he believes the individual man hunted is asked.

Mr Lowry got his Cow. -. and I sentenced both Johnson & Davey to pay him 30 Days extra duty at the time I should have set off on their Paying each 50 Dolls.

The wife of. Alfred comes to me to day and says, 50 Dolls. as a fine in the place of the imprisonment. -. and as this discharge has been dishonest. -.

I have the honor to submit the following statement of the evidence introduced in the case of one Paris for Stealing a Corn.—

Paris was sent by the Com when it was ordered up, and ask'd him what he was sent for. He said it was Mr Hayes Corn, that he had rented him after Gen. Paris by his own statement had been living for some time with Hayes, and knew his connections. The Corn he was sent was one with Hayes — Hayes Corn has no horses, and depends upon Paris Corn — I would cheerfully recommend his discharge if the State will furnish a Hand Corn from a no Horse one.

Sir — I have the honor to inform you that I am now confined in jail that I was committed this morning by Mr Jacob R. Davis Agent Burton M. F. & A. L. charged with attempting to steal a cow —

I would respectfully inform you that I had no intention of stealing the cow as charged. I was sent by Charles Frasier with whom I have lived since I became free to find his cow which had not been seen by him for two days I went into the common where there were several cows and while looking for Mr Frasiers cow was arrested by Mr Carey and taken before the Freedmans Court found guilty as before stated committed

I ask respectfully that you will give me a new Trial for the following reasons to wit

First—

I had no counsel to examine witnesses for me, and to advise me in regard to witnesses that I should bring before the court

I have the honor to inform you that in the case against W C Faulkner charged with stealing a mule from Alex. Biggs a colored man —. It was proven that Faulkner came at night in company with an other white person and took the Mule from Biggs Stable, the other person who Faulkner says he dont know claimed the Mule,, Faulkner told Biggs the best he could about it the better it would be for him —. That the Mule was a stolen Mule —. Faulkner actually got Biggs to Biggs with the man but declares knowing him, the white man the man claimed the mule as the property of Mr Saunders,

Mr Saunders had had two Mules stolen the other one has been found and returned to its owner, but the one in dispute its whereabouts is unknown, —. My own opinion is that Mr Faulkner knows the man that was with him and what became of the Mule.

Davis has been in Jail ever since and I think punished sufficiently to learn him how to behave for the future.

There was no such act committed by James Davis, The offence was that of Tampering with a young and unprotected female

I have not heard from Mrs Goldsmith but I presume she would have no objection to his being released.

A man named Coney, I think, saw him ~~among~~ on the common and supposing that he intended to steal his cow as he says had him arrested and carried before Mr Davis Agent Freedmen's Bureau. He was found guilty and confined in jail. Knowing the man as well as I do I am satisfied ~~that~~ Mr Coney was mistaken and that Paris had no intention of stealing his cow

I have the honor to present for your consideration the evidence, which appeared first — That Gov. Washington &c. was brought before me charged with creating a disturbance at the stables of Mr Delany on sunday night last between 7 & 8 o'clock — out of which by the evidence you will discover the difficulty arose between Washington & Thomas.

This whole case I was willing to discharge all parties, but it was rejected — That they were both guilty I have no doubt of violating your orders, and yet I was not satisfied in my own mind that either one of them intended wrong; — I am called on to make a statement — and cheerfully do so.

The enclosed contains all the evidence in the Case. They were both in the wrong, and at the same time I do not believe either intended wrong. Therefore I was disposed to discharge the Case.

Gen.

I have the honor to bring to your notice a case that came before me on yesterday

Thomas Edwards a Freedman, entered complaint at this office that Isaac Goldman had struck him with his fist. This was sworn to by Edwards and confirmed by 2 witnesses standing near. (colored.)

Isaac Goldman, chg^d Thos. Edwards was in the act of stealing, a Pocket-Book, and a little looking Glass, which he pleaded in justification of what he was chg^d with doing by Edwards. — Goldman swore that the 2 articles named above was in Edwards hands or pocket when he struck him and accused him of stealing

Edwards denied having the articles,

With the evidence before me I found Edwards guilty of attempting to steal from Mr Goldman. — and sent him to Jail for 20 days.

Goldman was evidently guilty of striking Edwards — for which I fined him 20 dollars. —

The case as it appeared to me, to-resolved itself into two opinions, one of which I had to take —. If I believed what was in evidence on both sides, They were both guilty of an offence —. To have discharged them would have been justifiable only in disbelieving all they stated as well as what was in evidence in. I was called on by a friend of Mr Goldman to lay a statement of the case before you. Respectfully submitted

General

I have the honor to bring to your notice a case I investigated about the middle of last month a Colored Woman by the name of Sarah and a Mr. Gannon.

Sarah in January 1865 purchased herself from Mr Gannon for 250 Dollars in Gold or Silver —. She had at the time 118 Dollars which was all she had up to the time they the Col'd people were set free.

After they were declared free Mrs Gannon has a house of a part of the lot on which Sarah has one, both built on leased ground Mrs Gannon told the freedwoman if she would pay the balance due according to their January agreement that she could give her the house she then lived in.

The woman continued to pay in gold until, until she had paid, as she thought all, when Mrs Gannon turned the house over to an other, or so pretended, at least she refused to let the Col'd woman have it —. The girl came and made her complaint stating as above, and further that Mrs Gannon was about to leave, from her statement I sent for Mrs Gannon, she

NARA 367

acknowledged all the payments to have
been made as stated. After hearing
the statement of both, I told Mrs
Gannon she would be required to
do one of two things, To turn the house
over to the guide as she took agreed
or refund the money she had taken
her after she had been declared free
by U. S. Gresnit—. She left me with the
distinct understanding that she would
do one or the other, and let me know
in one hour, as she wished to consult
with her husband about it—. She
did not return, but left that evening
for Atlanta, evidently intending to
swindle the Freedmen out of money
thus unjustly taken from them.—

I forwarded a statement of the case
to Sam'l L Dennis, Esq. Ag't. K. Bureau, at Atlanta
which drew forth the enclosed letter
which explains itself.— I learned
day before yesterday from a lawyer that
Mrs Gannon was in town and had en-
-gaged him in her behalf.—

The time given her by the agent at
Atlanta has expired, and as yet
Mrs Gannon has not made her
appearance, I respectfully ask

Dear Sir

I have just learned from a neighbor of mine that a Man, colored, by the name of Charles has gone to Augusta to get upon to order me to pay him one hundred dollars for services that he never performed & knowing as I do that it is & has always been your object to see that justice, impartial justice is done between me & his employer I think only necessary to forward you the original contract & state the facts as they bear upon the case & leave it to you to decide whether I have not done more for him & family than duty required of me. This man has a bad character & is a very indolent lazy fellow but as I hired him I would not drive him off my place. but he deserted me & hired to a man which left a time when my crop was seriously damaged by his absence. I gave my consent at our time for him to be absent for a week to go to the coast of Georgia to get some provisions for his family who were ill & he left me for over two & half months & hired to other parties as above mentioned & during this time his wife & four children were on the place not paying house rent & receiving rations to keep them from starving in his absence. You will find by the Contract

NARA 412

That-he forfeited his wages as soon as he deserted me + it-was approved by Mr Whitbeck the Bureau agent-of My County. I could not-have made my crop without-doing this as hands would not-stay any where last-year any length-of time & you are aware that-if hands quit-at Xmas during the busy season he must-lose the crop planted for that-and hence the necessity-of binding the last year. I ought-to charge him your rent-for his family seven months & for feed for the same time + also rations but-this I have not-done nor did I attempt-to make his family leave my premises when he was working for others. I am willing to abide by your decision & shall await-your answer + you may send return Contract-& reply by Charles & not-assume that-your decision will be executed

2nd His Case was tried at the September Term 1866
of the County Court, to wit On the 11th day of September
and he was Sentenced On the 15th day with the other Convicts
I presume that he was in Jail "From the time he —
was Committed up to the trial"

3d — He was indicted, tried and Convicted for the —
Offence of "Larceny From the House" — I find by reference
to the Minutes of the Court that he was Sentenced
For six Months and to pay a Fine of twenty dollars, I
presume that he served his time out in Jail as

I fail by Reference to a Memoranda that his Name appears with Nine others whom I related from paying the Costs — I had no Authority to relieve him from the payment of the Fine, this is a Matter for the Executive — the pardoning Power of the State, I have several times, to the best of My Recollection written to the Governor and made application for pardon of Prisoners, My Authority over them Cases to soon as the Sentence is passed upon them and the Sentence is entered upon the Minutes I have then no power to Change the Sentence or to Remit or Commute the whole or any part of it, I wish I had the Authority, & think I Could see the Governor much annoyance and trouble and frequently have the opportunity of doing much good —

Fourth — I do not Know whether he was retained in Jail after the expiration of the time I sentenced him or not — The Solicitor says that the Jailor informed him — having examined the Jail books — that he was discharged on the 18th of March — This would Make it three days — after the expiration of his time —

the following Observation that Sometime since —
the Jailer informed me that the time for One
of the Prisoners had expired, that he was unable
to pay his Wealth Fine (I think it was $20) —
that he was in a very bad State of health and
that the Governor was absent — I told him
to discharge him, Later his order from the Judge
and I would have it charged to myself
and the other Officers of Court, that from
the Representations of the Jailer I felt called
upon as an Act of humanity to take this Step,

I have no recollection of it now — He is the Contract

treated them with Kindness and Overlook them every

Memoranda.

R. R. Lewis former of Columbia County -
113. partner of Joe Beale a freedman
came to Office this morning and
Stated that Joe died on Sunday
last. There was trouble between these
parties (See letters rec'd and Sent & Rec'd and
Letters sent) which was at the time
adjusted Satisfactorily. Lewis desired
that arrangements be made to carry on the
business of the plantation until the crop
was gathered: Joe desired a few moments
before he died that Ben Collins might
have charge of his business until
his contract was completed with
Lewis and the crop gathered. I found
on examination of Joe's papers
that he held a receipt from

F. B. Tillery signed by Lewis as agent
dated June 8th 1867 for Thirty Four
(34) dollars for a cow purchased.
(Calf also). It was agreed by Lewis
in my presence that he was
indebted to Joe the sum of Five
(5) dollars. Joe is indebted to
Lewis Eighteen Dollars Six and
one half cents for provisions
received to this time - Joe is appears
is in Lewis's debt Ten dollars and
Six one half cents - The original
Contract between Beale & Lewis can
be found on file among "Miscellaneous
Papers and will explain itself - Joes
agreement with his hands was to give
them (five hands) two thirds of his
share of the crop. I placed Ben
as desired by Joe in possession
of his effects with Joe's wife's
consent with the understanding
that he was to receive pay
for his hands besides his share
of the crop he being one of the
original hands hired by Joe.
This memoranda is made for the
purpose of giving a full and
concise understanding of the
case to my successor in case of
my resignation or removal -
My opinion of the man Lewis is, that
he is a bad man though smooth
and plausible in his ways. He treated
Beales wife with brutality the day
her husband died - Mr George Zachry
who resides a short distance from Lewis's
house can be referred to and
relyed upon as a strictly honorable
man - Beales former Master -

Sir.

I have the honor to report my arrival here and entrance upon the duties of my office. I was delayed a day in Milledgeville by an excess of chivalric Southern attention and politeness. By urgent request of the Teachers there, I engaged to make a little address to the Colored people on the importance of <u>united action</u> in their school matters. Previous to the meeting I sent word to the omnibus driver, that I desired to take the half past six train for Augusta the next morning. He sent reply that he would come for me at half past five. We had breakfast, accordingly, at the dreadful hour of five, and I waited till six for the 'Bus, and might have waited till this time. Suspicious that I was being fooled, I arranged to have my trunk forwarded by Express, and started to walk to the depot, a distance of something over a mile. I was five minutes late, and, of course, got left. I then immediately sent a man around to the stable to inquire why they had not fulfilled their promise; and the substance of the reply I got, was, that they didn't cart around speech-making Yankees <u>very much</u>. During the day, I called a council of all the loyal whites in town,—to wit— Capt. Blacker, Head Carpenter Kalbfleisch, Ordinary Bell and myself. Under Capt. Bell's instruction and advice, our decision was, that I had no legal means of redress, but must wear the "rig" as gracefully as possible. In consequence of this delay,

I did not reach Augusta till last night; and meantime, at the pressing request of Dr. Parker, Mr Bassett without authority of course, had indicated what rooms should be used for the "National Institute"; which circumstance he has explained, I believe, in a letter to you.

I am, Sir,
Very Respectfully
Your Obt. Servt.
E. B. Bingham

Sir.

I have the honor to report, that, agreeably to your instructions, after consultation with Dr. Parker, I have assigned for the use of the "National Institute" or "School for the training of Teachers as Preachers", two rooms in School Building No 3, or as it called, the "Canaan School Building", standing within the limits of the third Ward of this city. This is on the understanding that his school has directly nothing to do with the education of <u>children</u>. I informed the Dr. that I had no instructions as to the <u>length of time</u> for which the rooms were to be assigned. If the schools here were free, and Teachers could be furnished, there would be immediate use for all, or nearly all the rooms. The pay system, here as elsewhere, reduces the attendance. Now, it is quite probable, if the times should be as we hope, increasingly prosperous, that the Freedmen will become better able to pay tuition, and there will be a larger demand for school accommodations. In view of such contingency, I would respectfully suggest that these rooms be assigned to the Institute for a <u>limited</u> period. They own land here, I am informed, on which they had purposed to erect a school building; and if they are not sure of having the use of Bureau property permanently, they will probably be spurred on to greater effort to carry out their original plans. I respectfully ask for instructions as to whether the assignment is to be considered permanent, or not, and if it for a limited time, how long?—

Major Watson said to me before I left Atlanta that whenever my office Books were completed, he would forward them, and also with them a months Stationery. There is no letter-copying press in the Bank, and therefore I shall want, not a press Book, but a "Letter Sent Book". I would respectfully request that the books be forwarded at the earliest convenient day, as at present I have to retain a copy of every letter I write, which must afterwards be transcribed into the book. The Lieut. was not till very recently made aware that the office was to be changed to the Bank, and so of course has continued to occupy the old office. I have suggested to Mr Ritter, the Cashier, that he pay the Bank rent for this month as usual, and that the Bureau begin to pay my office rent, dating from the first of February: and he agrees to that arrangement, if the Bureau see fit to make it. I have not signed the certificate, as I am not informed whether I am to make report of persons and articles hired, or whether you will keep the same upon your report. I inclose letter from Dicey Brown, a colored teacher who has a little school of eight or ten pupils out at Summerville 3/4 miles from the city. Dicey has been teaching since last August. She has had a school of twenty five pupils some of the time. Feeling obliged to charge as high as a dollar a month tuition for the older pupils, she has lost a good many scholars, because they were not able to pay. I examined her in Reading, and so far as that branch is concerned, consider her competent to teach. She has been teaching Reading, Writing, Geog. and Arithmetic. Says that if she can have assistance from the Bureau, she will be glad to come to the city occasionally to get instruction herself from the Teachers here. Her letter to you was composed by Mr White and copied by herself.

Notwithstanding the conditions imposed in granting rooms for the use of the "National Institute", the teachers, Dr. & Mrs Hayden, have opened a school for children, and have now some fifteen or eighteen pupils. It is a free school. I saw Dr. Parker yesterday, and told him I was disposed to insist on the fulfillment of the conditions, for the reason that it seemed advisable to have the Children's Schools all on the same footing, i.e. to make them <u>Common</u> Schools. I said that it would be unfortunate to have the Buildings used partly for pay and partly for free schools - that very soon Mr Spillman would probably apply for rooms for a Methodist Free School, and if we yielded the point once, we must again.

Dr. Parker requested that the school might at least continue till he should see you early next week, to which I consented. Dr Parker is no doubt heartily interested for the Freedmen, and is above the suspicion of sectarian effort.

Yours of 26th inst. requesting report, as to advisableness of furnishing aid in any way to Miss M. J. Welch, teacher of a private school in this city, is received. Miss Welch, I have reason to think, is a faithful and successful teacher. She has a school of fifty-two pupils, from whom she receives a dollar a month each. She also teaches an evening school. For her house school room included, she pays a rent of twenty dollars per month. She was employed one year by the AMA. and after that dismissed for the "to free use of her tongue" She teaches the year round I sh^d judge: at any rate has taught fourteen months without a vacation. I would recommend that for the present, she be assisted from the Peabody Fund. I have come to this decision after considerable hesitation, because her rates of tuition are pretty high, and her present means of support must be fully equal to those of the AMA teachers.

Sir.

I have the honor to report a visit to Mc Bean. Richmond Co. made on Saturday last - Jan 30th - for the purpose of making investigation concerning a school for the colored people. lately established on the Estate of Col. A.C. Walker. This was really a matter of unfinished business put in my hands by Lieut. Catley, and I followed his advice in making my visit - Jan. 30th. I found that an Ex confederate soldier. Mr Saml. J. Danforth had started a school about a fortnight ago. and that he now has twenty eight pupils. with a reasonable expectation of an [illegible] accession of ten or a dozen more. The school is held in a church belonging to Col. Walker. and has pretty poor accommodations. There are no means of warming the building. nor of lighting it. - I mean in the day time - except through an open door. or holes ordinarily closed by board shutters. They are destitute of blackboard and writing desks. and mostly destitute of books. I ought to add that besides the door and so-called windows. there are numberless crevices in the roof. which do admit a little daylight - and a good deal of rain. This building could be made quite comfortable by a small outlay. but as both ground & building are owned by Col. Walker. I suppose that no Expenditure by the Bureau. in the way of repairs or fixtures would be advisable. The Colonel offers to rent for school purposes an old dwelling-house on his premises at the rate of one hundred dollars per annum. In this house is one room some twenty feet square. which might be fitted up into a very good school-room, but the rent is certainly exorbitant and he declines taking any less for the whole building and also declines to rent a part of it. He refuses to give the Freedmen a title to a foot of land for school or any other purpose. If such action is proper - and I very much hope it is - I recommend that we give to the school a blackboard,

movable writing desks for a dozen or fifteen pupils. and a box-stove with some dozen feet of pipe – There is no chimney to the building – I think they can be stirred up to patch the roof themselves. I also recommend a gift of books, as per indorsed list, and that the school be placed on the Peabody Fund List. Mr Danforth is a sensible sort of man but not very thoroughly educated. He has been known here as a "spree" but Col. Walker has notified him that next time he goes, he goes for good. No Northern teacher can be admitted to Col. Walkers premises.

Yours of 29th ult. relative to application of Rev Mr Spillman for room for school in Bureau Building, is received. No definite arrangement has yet been made, but I have indicated to Mr S– the conditions on which he can have a room.

They are, briefly, that he shall receive fifteen to twenty-five pupils from two of our Intermediate schools which are overflowing, and with these as a nucleus shall make up a graded school, of the Intermediate rank, that pupils therefrom, when qualified, shall be advanced to the Grammar School, – that the regular rate of tuition shall be charged, that no pupils shall be taken from other schools, save on recommendation from Teachers or Supt, in short that the school shall be graded, managed & superintended, in all particulars like the other schools, and so form one harmonious part of a single system. To this I have little doubt that Mr Spillman will finally assent, and I have made haste to inform you of the prospect before your interview with Dr Parker. Of course the school (National & Freedmen's) established by Dr Parker should be brought under the same system of allowed & continue. As it is at present managed it is exerting an unfavorable influence on the other schools

Unless you direct to the contrary, I would like to grade the school turning over the Primary pupils to an Asst Teacher in the same Building, and leaving there only Intermediate Scholars. I would also like to have them withdraw their notice that they are teaching a free school, and henceforth collect tuition (40 cts. a month) from all pupils who can possibly pay. Mr Willis school was never held in the village of Greensboro, but in a "truly rural" neighborhood nine miles across the country which I had the pleasure of visiting. He has not been teaching at all this year and has now "hired out" his services to work at farming: so you see the Bureau has no further business with him. He is a Southerner, connected with one of the "first families" of Greene County, and of course, in teaching "Nigers" has shocked a large and enlightened community, brought disgrace upon his relations, and alienated a great many friends. Dear Sir.

I have the honor to inform you that there is at present no school for Freedmen in the village of Greensboro. The Col'd people there are anxious for a school, and in case one were started, would do their best to sustain it. My impression is that a hundred pupils could be had at once, of whom the majority would be able to pay 50¢ per month tuition. It would not be possible to obtain board for the teachers

in any white family, not even at the Hotel - but it is probable that two rooms can be rented in a pleasant, comfortable house, for seven dollars & a half per month. There rooms are really half of a cottage house, and, if rented, would make a very good tenement, in which a couple of ladies might keep house. The school could be held in one of the churches, probably in the Baptist Ch. owned by the Colored people. If the Northern teachers can be had, would the Bureau pay the rent of these rooms & perhaps furnish them, also? My plan would be to have the Bureau provide this tenement, the Asst send on the Teachers & pay their salary, and them depend for the Teachers board on the Peabody Fund & income from Tuition. The rooms in question are in a house owned by a Mr J.G. Thompson Southern man and a Radical. They are leased for the year but the lessee is about to vacate, and Mr Thompson thinks he would be glad to sub-let them.

Dear Sir.

Agreeably to your instructions communicated Feb 6th by Major Howard's endorsement on letter from Mrs M Edleston, I have the honor to report a visit to that Lady's school at Thomson Columbia County. The school is not held in Thomson Village but about a mile & a half away, in a little log cabin near the railroad. Mrs Moore has twenty-three pupils. Though very imperfectly educated, she is a woman of a good deal of native intelligence, and is no doubt better fitted to teach than most of our Col'd Teachers. If she is expected to continue her school permanently, I think that aid given her by the Bureau, would be well bestowed; but

I learned from her that it is probable she will leave Thomson in two or three months at longest & join her husband at Atlanta. Her husband is Romulus Moore, one of the Expelled members of the Ga Legislature who cannot return to his home except at the risk of his life. Thomson like the rest of Columbia Co. is hard. I have no recommendation to make respecting the County or any part of it, save that a Regiment of US Troops be sent there under command of the most Radical in the Army, to do the work of reconstruction and do it well; or if that is not feasible that means be furnished to the Freedmen to leave the County en masse for any tolerably civilized District within reasonable distance.

Mrs Moore would like the following books, viz:

6 First Readers
6 Primers
12 Primary Arithmetics — sent to address of Mrs M E Moore,

She says the children are able to pay for the books as she will be responsible for them and send money in payment of Bill.

Dear Sir,

There is at present no school for Freedmen at Greensboro, Greene Co Ga and I am very desirous that one sh'd be established. It would not be possible to obtain board there for Northern Teachers but I think there is a

good prospect of my being able to secure a comfortable tenement for a couple of ladies to keep house, should in case the Tenement can be had, and the Bureau will pay the rent. Can the Association send two teachers at once, and pay them the regular salary of $65 per month? It is quite probable that a school of a hundred pupils might be organized there a majority of whom could pay 50¢ a month tuition, and from this income, added to the Peabody Fund appropriation the Teachers housekeeping expenses could be paid.

There is still another item to be considered, namely furniture. The tenement in question is half a Cottage house, and would consist of only two rooms — could the association furnish these? I have put the same question to Col. Lewis of the Bureau, but am not sure of an affirmative reply. Please let me hear from you at your earliest convenience.

Rev. Lucian Hayden D.D.
Principal "National Institute"

Dear Sir.

You will remember that at the time rooms were assigned for the National Institute, the condition was distinctly made that the rooms should not be used for a school for children. Such a school, however, was opened in a very few days, and was allowed to continue, by request of Dr. Parker, until he could consult personally with Col Lewis at Atlanta. Col Lewis has just written to me that he has had an interview with Dr. Parker, & expresses his own opinions with regard to the continuance & management of the school, but leaves the matter entirely in my hands. I have no doubt that your school is accomplishing good, and should therefore be sorry to see it discontinued; but I do desire to see it placed on the same footing with the other schools.

Had I been aware that such action was intended I should have objected to the giving out of any notice that a free school was to be opened for. under present arrangements such notice could hardly fail to create uneasiness and discontent among the patrons of schools already established.

There are children in all the schools who do not pay tuition, but the plan we adopt, is, to collect the fee of 10¢ per week in all cases where it is possible, and we believe that this arrangement acts as a constant stimulus to both parents & children. In regard to your school I shd like to have the notice that it is free, withdrawn; and wish that you would also collect the 40¢ per month tuition, in all cases where it is possible; and there you will no doubt find to be the majority. I think it desirable also, that the school shd be graded, and my proposal would be to have it of the Intermediate rank. One of the Intermediate schools, Miss Himmis, is overflowing, and I can send you eight or ten pupils from there.

Twenty or twenty five of your Primary pupils can go in Miss Cargill's room, and then if you still have Primary pupils unprovided for, and your teaching force is sufficient, I shall not object to your opening a Primary School. Of course it will be expected, that pupils, when qualified, shall be promoted from your School to the Grammar School, and hence the same series of books should be used, as are already in use in other Intermediate Schools. Hoping these views may meet your approval I am,

Dear Sir.

Your favor of the 18th inst is at hand this morning. In reply, I would say, in general, that the plan which I asserted for the management of your school is simply that which is already pursued in all the schools held in the Bureau Buildings in this city.

In regard to your Primary School. If you decide to continue it, I would like to have you send Miss Cargill eighteen pupils; in case you do not continue it Miss C. can take thirty pupils, & I will try to make provision for the rest somewhere.

For your Intermediate School, which as I had previously supposed as now info from your letter, will not be full, Miss Hemmes will send you I think, ten pupils on Monday morning, choosing them for the most part from among those who reside in the vicinity of your school.

In regard to the requirement that pupils when qualified shall be promoted from your Intermediate School to the Grammar School, let me say that it seems to me entirely fair & proper. As a rule, even at the North, children are not considered fit to enter a training or Normal School for teachers, till they have graduated from the highest grade of the Common School. Of course there is a sense in which it can be said that training for the work of teaching begins in an Intermediate or even in a Primary School but I do not understand that your Institute was organized with any such idea as that.

As regards the matter of tuition, the plan pursued in the other Schools is this: All pupils, who apply, are admitted and tuition is collected, every week, as generally as possible. If any fail to pay, the cause is inquired into by the Teacher, and if the reason is

found to be the abject poverty of the parents. the pupils are allowed to remain in the School: and then as soon as their parents become able, are expected to make their weekly payments.

I should greatly prefer that in your school you take this matter in like manner into your own hands: but if you positively decline to doing, then please refer all doubtful cases to me, and I will decide them as fairly as I can. The tuition money of course is in your hands to be disposed of in such manner as may in your judgment best conduce to the welfare of the School.

The Bureau makes gifts in some cases, of certain Primary Books, and is also authorized to aid schools which are otherwise self supporting by an appropriation from the Peabody Fund of 25¢ per month per pupil on the avg. attendance.

Will you do me the favor to inquire at the Hotels in your village & perhaps of some private families whether a Male Teacher for a Col'd School can obtain board & if so at what price. and send me word at your earliest convenience?

There is a competent Male teacher now in Savannah in the Employ of the American Missionary Association who can probably be transferred to Greensboro. if a boarding place can be had. Dear Sir,

I learn through Rev E. P. Smith that you are not at present teaching in Savannah and would perhaps be willing to be transferred to with a continuation of your present Salary to some other place. There is an opportunity probably to open a School in Greensboro. In case you would undertake the School, the only point in regard to which I feel some doubt, would be the obtaining a boarding place, and I shall hope to be informed as to this

by the time I can receive from you a reply to this letter.

There is no school house in Greensboro and the school, if opened, must be held for the present certainly in the Baptist Ch. That building is roomy, rain-proof I think & has conveniences for warming. My impression is, that if you desired, you could have seventy five pupils immediately a majority of whom could pay tuition of 50¢ per month.

A Mr Sullivan of whom I know very little taught a school there recently & had as many as a hundred pupils

I consider Greensboro an important point in the work, and know from a recent visit there that the Col people are anxious for a school. On early reply to this will oblige

I have the honor to report an official visit to Waynesboro. Having Mr. Smith of the AMA learned that last Thursday that Mr R.G. Gladding a teacher at Savannah in the employ of the AMA was out of a place & would probably be willing to go to Waynesboro if a school could be started there. The case required immediate action on my part. I expected to secure Mr Gladdings services; and accordingly went to Waynesboro the next day. Friday of last week.

The trip however was fruitless. I found that board for a teacher could be had, but there was no building in the place in which a school for Freedmen could be held. I shall try & have Mr G. go to Greensboro.

I wrote you on the 20th inst. stating that it was probable that a teacher could be transferred from Savannah to Greensboro in case you could procure a Boarding place for him. I have this morning rec'd a letter from him, in which he says that he cannot for a few days yet make any positive agreement, but has little doubt that he can undertake the Greensboro School. He says he is anxious to remain in this state in the work of teaching. I am confident that he is the sort of man needed in Greensboro. I am sorry to trouble you with the matter, but I hardly felt justified in making another journey to your place, and there was no col'd man to whom I could write. Sir.

I have the honor to report a visit to Jefferson Jackson Co, Ga. The Rev Arthur Harris is a humbug His School numbers twelve (12) Scholars at present, and from the best information I could obtain has not exceeded Sixteen orseventeen pupils during the Winter, His explanation of his reports is that he counted Day & night Scholars all in together, He admitted that he reckoned in Scholars who never attended School but only promised to come He claimed that his School had fallen off lately because all the older Scholars had gone to work, but a cold woman who lives a few rods from the School house said he had Lost only one Scholar, and that the School had been of about the same size all through the winter that it is at present. After getting the testimony of this woman, I crossexamined the Rev Gentleman pretty Sharply, and he made all sorts of amusing and Conflicting Statements, Even if he were truthful & honest, he ought not to have help from the Fund for his ignorance is astonishing. He claimed that for the month of February he had 36 Day Scholars, but that four of them did not actually attend the School but had only promised to come and he therefore held them responsible for the regular tuition. I ask[ed] him how many of the 36, then, did actually attend, and he replied after a little head-Scratching and cogitation, 26! He is an aged Sinner, grey-headed, bow-legged Canehanded, one-eyed, wears goggles, and keeps his one eye well out for the main Chance. In view of his dishonesty and utter incompetence I recommend that he receive no more assistance.

Mr. J. L. Fee, whom I also visited, is

teaching a school of thirteen scholars in a log school house on the plantation of Peter McLester about one mile from the village of Jefferson. Few is a young man of some intelligence. I found him & his pupils rambling about the woods in the neighborhood of the school house. At my request, he called his School together. I asked to hear some of the Children read, & he summoned a little class. But instead of obeying the summons, they made for the open door and quickly scampered away through the woods - an exercise which I found the most Entertaining than any reading exercise I ever witnessed. He sent a boy after the runaways but he soon reported that they refused to come back.

Of the Children who remained, two or three read very well. Peter McLester seems to be an honest trustworthy man. He has marked out a school yard of from one to ten acres which he has bound himself - to be kept - & deed to Trustees, with the School building thereon to be held for School and church purposes. The building is of logs, new, tolerably well roofed, Exceedingly well ventilated, and is some 20 by 30 ft in size.

I think that Few is teaching the Children, a little, this as You have seen he is not a very rigid disciplinarian.

I recommend the sending of half a dozen 2nd & half a dozen first readers for the use of this school, and think that there is no great objection to his having the regular aid from the Fund -

I have the honor to report a brief visit at Union Points. Maj. Howard has probably

already given you more full particulars concerning School matters there than I can give as I was there but half an hour. Mr R B Smith is teaching a white School of some seventy Pupils in a miserable building, far inferior to the Freedmens building. He teaches a Col'd Sunday School in the Freedmens building and is assisted by some of his white pupils. He has been four times disappointed as a Teacher for the Col'd School. He is a very strenuous Presbyterian & has wanted to get a Presbyterian teacher. He represented that the whites are anxious for the opening of the Col'd School. They gave the Land for the Building & contributed a little toward the erection of the building itself. They would not object even to a Lady Teacher from the North, if they could be assured that she was a woman of good character! Smith is a Northern man himself, originally, and ought to know & probably does know the baseness of such insinuations against the character of Northern Teachers. He stated that he was now looking this brother for a Teacher & hoped that we would urge him to immediate action. I wish that an Assn Teacher could go there, she could do the whites as well as the Col'd people a great deal of good. Smith wants aid from the Bureau for his white school

I have the honor to report a visit to Athens Clarke Co Ga. I had a long interview with Messrs Davis Beal & Hill relative to selling the school land to the American Miss. Association. They have great confidence

in the Association, but they say, When the Association has done with the property, what next? They say that if the State or city ever get possession of the property the very first action will be to turn out the Col'd people, use the building for a White School, and put the Col'd Children in Cheap Shanties or Col'd churches if they allow them to have any School at all. This is what the Athens rebels have repeatedly threatened they would do when once the d-d Yankees were well out of the State. Davis declares that the property shall never be held by the State this: his action or consent. Beal says as soon as they will sell the land to the Assn. provided they can receive in return proper legal guarantees that the State or city shall never get possession of the property, that when it is so sold, it shall be to the Col'd people who shall be allowed to pay for it by small annual installments. I have written a letter on the subject and as Mr Beal is himself in Atlanta I presume that both yourself & Mr Ware will have opportunity to confer with him. I think the three men are either of them smart enough to know that being owners of the land, they would stand a pretty good chance of holding the building if they were to dispute it. But they are too little like the Georgia Whites to attempt anything at all mean or dishonorable. The board of Trustees for the School consists of seven men and the three owners of the land are included in the number. The owners have rec'd from the public sixty two dollars and are still seventy eight dollars out of pocket. The Trustees are in debt fifty dollars for the house rent on the Teachers Home and there is a debt of some thirty dollars more for the Teachers living. The Assn does nothing for the support of the Schools save to pay the Teachers salary. If the Society should buy the land, I think it ought to pay the full price and the balance of sixty two dollars which would be left after paying

the owners ought to go toward paying the School debts which as I have stated amounts to about Eighty dollars. If the Assn does not buy the land, perhaps the Bu. Building must be given to Trustees. In determining who these should be, I had thought there might be a question between the three owners of the land & the whole board of seven. If the latter were made Trustees of the Bu property, I suppose that would involve the transfer of the land also into their hands by a new deed. I think that in many respects the three would make a better board as they are all men of public spirit and intelligence. Mr D. is the Rep from Athens in the Legis. Mr Beal is a man with some $2000 & Mr Tuttle is a preacher.

Sir.

With respect to charges and statements contained in letter of Rev H Abbott, which is herewith returned, I have the honor to report:-

That Rev'd Dr Parker made application for rooms in a Bu building on this city to be used for a school for the training of Teachers & Preachers and stated in so many words that his school would have directly nothing to do with the Education of children: that with this distinct understanding rooms were granted Jan 21st 1869 and the school was immediately opened under the charge of Rev Dr Hayden:- that the school was made at once a free school for children of all ages and in the course of a fortnight numbered from sixty to eighty pupils: that I then wrote to Dr Hayden, insisting that if he was to teach a children's

School. he thd put it on all respects on the same footing with Mess Schools held by the American Missy Association & by the Methodist Ch North in the Bureau buildings I. E. that all pupils who were able shd pay 40c a month tuition. that the School shd be graded. that the same books shd be used as are in use in Mess Schools - and I proposed to make his School of the Intermediate rank and accordingly sent him ten additional Intermediate pupils (from one of the Intermediate Schools which was overflowing) & requested him to send Eighteen of his Primary pupils to a Primary School in the same building which was not full:- that I gave him the privilege of continuing a Primary School which he could have started with twenty five or thirty pupils, (under the charge of a Col'd teacher - he had no other) but that the offer was declined).

I would further report that my reason for thus insisting on a reorganization of Dr Hayden's School was that the existence of Schools conducted on different systems, in particular of free pay Schools would occasion a great deal of uneasiness & discontents among the Col'd people and constant embarrassment both teachers & superintendents.

I have the honor to report that I have not assigned to Miss M.J. Welch any room in Bureau Buildings. I very much doubted the propriety of so doing, not so much because she charges a higher rate of tuition than other schools (it had better be higher than lower. So far as it interfering with the harmonious working of the schools is concerned) as because she has & must have a mixed school, which any one acquainted with her will readily understand that she will manage in all respects to suit herself. Before I had decided the matter in my own mind, I learned from her that she expected in a few months to have a school building of her own located on the land owned by the Bapt. Church - which is represented by Dr Parker of Hayden In view of this fact I thought it best to let the matter drop. Sir

I have the honor to inform you that the Medical Supplies forwarded by you on the 9th Inst arrived at Augusta on the 14th inst. They were in a damaged condition from having been exposed to violent rain storms, this has been in a great measure repaired but a more important consideration is the fact that the goods fall short largely of the Invoice received.

To
Asst Surgeon

I have called for a board of survey to examine the supplies and enclose a list both of deficiencies and of loss by leakage —

They steamer on which they were shipped at Savannah, was delayed on the river by low water and I presume that the missing property was stolen

The blankets which are largely deficient arrived tied up in bundles with rope some of these had been opened and I presume a portion stolen

Captain!

I have the honor to state that the muster rolls of this Hospital prior to Oct 1st 1865 which were sent to Hilton Head as representing the entire complement of employees of the Hospital did not contain the names of four of the attendants

To
Capt Dean
A.A.G.
Dist of Ga

It is my opinion that the commission was intentional it was certainly gross carelessness, and by it four of the most deserving of my attendants will lose all pay for two months labour in the hospital while others less worthy but more cunning have obtained excessive remuneration. This occurred because Asst Surgeon Bryant assumed sole charge of the matter and without notifying me at all of this instruction had the Muster Rolls made out and forwarded

I had promised these men and women that I would see to their being paid, when funds were appropriated, for that purpose, but for the reason above given I am unable to do anything for them I understand that a portion of the money obtained from Hilton Head is yet in the hands of the receiver Jacob R. Davis being intended for two months the persons whom they represented still having left

the Hospital service a month or more before the Muster Rolls were made out while those actually present and doing the work were unable or believe from inattention or misdirection

Sir.

Your communication of the 24th ult is received. The Asst Comr directs me to reply in answer to your first question, that Contracts made with freedmen and approved by the Judge of the County Court and filed in this office will be allowed, provided they give the freedmen reasonable compensation. In answer to your 2nd question the Asst Comr directs me to say, that Agents have not exclusive jurisdiction in cases where the sum does not exceed $50, of proper and just action is taken by the Civil Authorities

It appears that the freedmen in this case chose to work for the party mentioned, in spite of the fact that the Contract was not

NARA 632

approved by the Bureau, & is therefore impossible for the Bureau to protect them against the consequences of his own injudicious choice (and election)

In reply to your 3rd Question, - In order to bind the future action of the Bureau, it is necessary to have the approval of the Agent. When freedchildren are bound out by the Ordinary without the consent of the Agent of the Bureau, and it shall afterwards appear that any injustice has been done, The Asst Comr will not hesitate to interfere to compel the restoration of the Children to their Parents. By the laws of Congress, to which those of the State are and must be in subjection, the Officers of the Bureau and also the Agents are regarded as the Guardians of the freed children, any action of the State Courts ignoring this right of Guardianship will be treated as illegal (and void).

Respectfully

Sir:

Dr. N. M. Stanford of this County reports a case of a Coloured Girl of the age of 16 who has been going from Sumter Co. Ga and has fallen in his hands — She is blind and diseased with the Syphilis which Dr S. thinks is the cause of her blindness — She has no place to go to — and I think is a proper subject for the Hospital. Will you please send me an Order for her removal with transportation to Augusta. Besides this — Cannot the Dr. be remunerated for his care of her & her board up to the time of her removal? —

Please inform me at an early day — on all the points

Doctor,

I have the honor to inform you that it is necessary that Dr. Saulman should proceed to Columbus to take charge of the Hospital at that place: you will remain and be assigned to the charge of the Augusta Hospital. Your order will be forwarded this day probably and I wish you to use diligence in their execution.

A considerably quantity of materials for clothing the destitute, will be purchased in a few days, you will receive a portion for use in the Hospital; I request you to obtain the assistance and advice of the lady teachers at Augusta, in making up, and issuing the clothing to proper recipients of such aid if there are any such outside of the Hospital.

Doctor,

You are right in regard to out patients in the monthly repts: incorporate them with hospital patients, under all the heads: you need not report them for month of January; but begin with the month of Feb.

I have written to the C. M. O., inquiring why your pay for Dec. is not forthcoming; we shall know in a few days: I enclose blanks: but do not use them till you hear from me, perhaps you can make them up for Dec. & Jan. ~~together~~. I think, in future there will be no more trouble on the score of pay: this delay is owing to a wrong order lately issued; it is corrected now, but your pay accts (and others) are lying st. I dont know why they are detained.

Yours of 3d inst. received today. I can not furnish you any vaccine virus; it is furnished by the Med. Doctor,

Yours of yesterday is rec'd: As Dr. Saulman made the contract with Mary Green, it is proper it should be signed by him. Whoever you deem it proper to employ, do so; conforming to the Manual: the same with regard to discharge. I did tell Dr. Saulman to allow the attendants (whom Mr. Asbury will name to you) an increase of two (2) dollars per month pay; including Mrs. Asbury, to date from Jan. 1st 1867; you may put it in the Feb. pay account, as extra pay. I presume Dr. Saulman forgot it; as I did not observe it in his report to 15th Jan..

Enclosed please find 12 blank ~~pay~~ accounts for attendants, please make them in triplicate and forward to this office for approval (one goes to the C. M. Please find enclosed herewith your report of attendants returned. You are in error in regard to the date of contracts, please follow the old form: you have taken the dates of printed contracts instead of the dates of the "written contracts". I have checked the names in which you are correct. I find on reference to the Chf. Q. M. that it will occasion one a great deal of trouble or else will be charged to Dr. Saulman (which would be more than half deserved) to obtain the extra 2 dollars for Jan. Please state pay raised Feb. 1st instead of Jan. 1st. Send copy of Statement of Hosp. Fund through this office. In all cases follow the hospital records in making out your papers; for all innovations are new (more recent), and must be based on the original accounts; by following the principle you adopt in these papers we, should start our affairs anew, about every other month. I have referred your accounts, bills &c. to Major Watson, who will instruct you in regard to them; I am advised to request you to make requisitions for all supplies (Coal, Straw, Lumber), on the 15th of the month preceding that in which they are to be used (i.e. on the 15th of each month for the succeeding months supplies). These requisitions will be made {through / upon} the office of the Sub Asst. Commr of the Sub District in which the Hospital is located and all papers (blanks) may be obtained from that source. There should have been some blank weekly reports of sick & wounded left at your hospital when Dr. Taulman left. he had a supply for six weeks and I learn that he did not carry any with him to Columbus. Your action in reference to purchasing lumber thay is correct. I learn Maj. Brady is relieved from duty at Augusta; if no officer takes his place you may forward your requisitions direct to this office and apply here for requisite blanks.

It will be necessary to follow the copy of last months Rep't of Att'ds left by Dr. T. and you can send it to him (after making your reports) for his signature; to fortify your position. I presume the original written form of contract which I drew up, has been lost or destroyed accidentally, I left it in a pidgeon hole in the office desk when I went North in September; I judge this to be the case because Dr. T. omitted several persons, in furnishing me copies of all contracts made. Doctor,

Yours of 21st and of the 22? containing reports of Attendants are received, the latter are correct now; I presume Dr. Saulman was in error in the particulars you mention. ~~If~~ Hannah Jones having been discharged on the 15th of last month, it should have been noted on the report of that date, which Dr. Saulman failed to do on my report (and I learn from Maj. Walton) also on his account for pay at the end of Jan., the papers were returned for correction.

According to the Asst Officers Manual recently issued, Hosp. Attendants are entitled to the Army ration; heretofore it has not been understood so and I never drew a different ration for Attendants than, for patients that: you will have to learn from the Comm. Sub. whether he is prepared to conform to the Manual; I believe the matter has been referred to the Dept. Commissary, if they decline doing so on receipt of full instructions, please inform this office. You are correct in your action; but as to carrying it out will depend as above stated. You are also correct in drawing for the small pox sick, Please inform me if Dr. Jones reports a large number. How is Shack? Mr. Cox will call on you on Monday probably: I requested him to call and see how you are getting along. I trust your small pox was a false alarm.

In making your reports please regard the first paragraph of instructions on the monthly reports of sick &c., by striking or ruleing out the words not required at head of Report, either Refugees or Freedman according to class reported.

(20th) Yours of yesterday (19th) is just received; it is all right in regard to the blank forms; I merly thought some might have been overlooked in the changes at the Hospital. I send today some more (41) repts of attds to 15th. I trust you are frightened and not hurt by small pox; keep cool and drink plenty of citric acid lemonade; you will come right before you are sick I hope; I dont remember any Northerner having the disease though we all were excessively and constantly exposed last Winter. Doctor,

I return the contract with Lonica bill approved, rate of pay $10.00 per month: also the enclosed report of attendants, please make a new copy. Sign and send to me; as the extra hands were both taken up and discharged before the 15th of Feb. that should appear on the report of that date and should be final: no further notice of them is required in march report; please omit them in the new return.

Very respectfully

Your obedient Servant,

J. V. De Hanne

Doctor,

I am about having a number of the children, who are accumulating so rapidly in our hospitals, sent to the orphan asylum at Atlanta, Ga., please make your arrangements to get rid of about twenty and in order to filter out of the mass those who have parents or relatives in the neighbourhood, of whom it is believed there are several, let it be generally known among the colored people that the children will be removed as fast as possible to Atlanta and thence probably north. Children whose parents are permanently (without doubt) incapable of taking care of them through injuries, disease or any other cause will be removed as orphans.

Sir,

Please find enclosed an order relieving Dr. Taylor from duty in the Freedmans Hospital at Augusta. It will not be convenient at present to replace Dr. Taylor by another medical officer; therefore you should immediately procure a suitable and competent person for Act. Hosp. Steward (I observe you have none); either by an application for a detailed soldier (through this office) or by hiring such a person on contract. I presume the first plan should be tried and if not successful more latitute in the rate of pay would be admitted, which is an important consideration in the employment of civilians, it being difficult to obtain competent persons at the customary rate of pay.

Very respectfull,
Your obedient Servant,

As it is to feared that the Cholera may appear again in this County during the present Summer, Medical Officers in Charge of the Hospitals and Dispensaries of the Bureau in this State, will apply for, on the regular Quarterly requisition, a supply of special disinfectants to be used in case of need: the following articles will be called for,

Acid Sulphuric — in ½ lb g.s. bottles
Ferri Sulphas — in 12 lb boxes.
Potassæ Permanganatis in 2 ℥ bottles

The privies and sinks will be purified by a free use of the saturated solution ferri sulphatis. The other articles will be kept in reserve, for use in Case of Cholera or other infectious or contagious disease.

The above mentioned special disinfectants will be drawn as follows,

For Hospitals of 100 Beds, 2 boxes Ferri Sulphas
6 lbs Acid Sulphuric
16 ℥ Potassæ Permanganatis

For Dispensaries one half the above proportions.

For general purposes of purification, quick lime and Charcoal may be obtained from the Quartermaster on application through this Office

DIRECTIONS [illegible]
OF SICK AND [illegible]

I. Separate reports of Refugees and Freedmen will be [illegible] monthly, through the Surgeon-in-Chief of the District, to [illegible] Chief Medical Officer of the Bureau of Refugees, Freedmen, a[illegible] Abandoned Lands, Washington, D. C.

II. In making out this report, the number of cases of ea[illegible] disease which have been under treatment during the month is [illegible] be entered in ordinary numerals in the appropriate column opposit[illegible] the name of the disease.

III. In making out the tabular list, those cases only are to b[illegible] entered which have been taken on sick report or received int[illegible] Hospital during the month represented by the Report. Case[illegible] remaining from previous months are *not* to be entered in th[illegible] tabular list. *All deaths*, however, occurring during the mont[illegible] are to be entered in the column of deaths, opposite the name [illegible] the disease causing death.

IV. The "Remaining from last monthly report," and the "Ga[illegible] since last monthly report," equal the "Total under treatment during the month." The totals of "Discharged," "Transferred," and "Died," give the "Total loss during the month." The "Total loss during the month," and "Total remaining at date of this report," must equal, when added together, the "Total number under treatment during the month."

V. Patients above and including the age of fourteen will be enumerated as adults; below that age, as children.

REPORT

OF

SICK AND WOUNDED

REFUGEES [illegible] REEDMEN.

Station Augusta Ga

District of Georgia

Month October, 1865.

FORWARDED BY

J. V. De Hanne

Asst. Surgeon U. S. Vols

in Charge of Freedmans Hospital

Here specify legibly the names of the Hospitals, Camps, Plantations, &c.; the statistics of which are included in the within Report.

REMARKS.

The large ratio of death is owing to the miserable and extreme condition in which patients are brought to the hospital. Nearly one half of those who die in this hospital are brought in, in a moribund state.

DIRECTIONS TO BE FOLLOWED IN MAKING THE REPORT OF SICK AND WOUNDED.

I. Separate reports of Refugees and Freedmen will be made monthly, through the Surgeon-in-Chief of the District, to the Chief Medical Officer of the Bureau of Refugees, Freedmen, and Abandoned Lands, Washington, D. C.

II. In making out this report, the number of cases of each disease which have been under treatment during the month is to be entered in ordinary numerals in the appropriate column opposite the name of the disease.

III. In making out the tabular list, those cases only are to be entered which have been taken on sick report or received into Hospital during the month represented by the Report. Cases remaining from previous months are *not* to be entered in the tabular list. *All deaths*, however, occurring during the month, are to be entered in the column of deaths, opposite the name of the disease causing death.

IV. The "Remaining from last monthly report," and the "Gain since last monthly report," equal the "Total under treatment during the month." The totals of "Discharged," "Transferred," and "Died," give the "Total loss during the month." The "Total loss during the month," and "Total remaining at date of this report," must equal, when added together, the "Total number under treatment during the month."

V. Patients above and including the age of fourteen will be enumerated as adults; below that age, as children.

II. In making out this report, the number of cases of each disease which have been under treatment during the month should be entered in ordinary numerals in the appropriate column opposite the name of the disease.

III. In making out the tabular list, cases remaining from previous months are to be entered in first column. Under the heading of *new cases*, those only are to be entered which have been taken on sick report or received into Hospital during the month represented by the report. *All deaths*, however, occurring during the month, are to be entered in the column of deaths, opposite the name of the disease causing death.

IV. The "remaining from last monthly report," and the "gain since last monthly report," equal the "total under treatment during the month." The totals of "discharged," "transferred," and "died," give the "total loss during the month." The "total loss during the month," and "total remaining at date of this report," must equal, when added together, the "total number under treatment during the month."

V. Patients above and including the age of fourteen will be enumerated as adults; below that age, as children.

VI. Whenever cases are entered opposite any of the headings printed in *italics*, or reported under *Class V.*, (and the wound or injury has been received at the hands of another person) the precise nature of the affection or the circumstances of the case, so reported, must be set forth in detail, in column headed "remarks," or in an accompanying letter of transmittal.

DIRECTIONS TO BE FOLLOWED IN MAKING REPORT OF SICK & WOUNDED.

I. Separate reports of Refugees and Freedmen will be made monthly to the Surgeon in Chief of the District, who will transmit them together with a consolidated monthly report, on regular blanks, to the Chief Medical officer of the Bureau.

II. In making out this report, the number of cases of each disease which have been under treatment during the month should be entered in ordinary numerals in the appropriate column opposite the name of the disease.

III. In making out the tabular list, cases remaining from previous months are to be entered in first column. Under the heading of *new cases*, those only are to be entered which have been taken on sick report or received into Hospital during the month represented by the report. *All deaths*, however, occurring during the month, are to be entered in the column of deaths, opposite the name of the disease causing death.

IV. The "remaining from last monthly report," and the "gain since last monthly report," equal the "total under treatment during the month." The totals of "discharged," "transferred," and "died," give the "total loss during the month." The "total loss during the month," and "total remaining at date of this report," must equal, when added together, the "total number under treatment during the month."

V. Patients above and including the age of fourteen will be enumerated as adults; below that age, as children.

VI. Whenever cases are entered opposite any of the headings printed in *italics*, or reported under *Class V.*, (and the wound or injury has been received at the hands of another person) the precise nature of the affection or the circumstances of the case, so reported, must be set forth in detail, in column headed "remarks," or in an accompanying letter of transmittal.

DIRECTIONS TO BE FOLLOWED IN MAKING REPORT OF SICK AND WOUNDED.

I. Separate reports of Refugees and Freedmen will be made, monthly, to the Surgeon-in-Chief of the District, who will transmit them, together with the consolidated monthly report, on regular blanks, to the Chief Medical Officer of the Bureau.

II. In making out this report, the number of cases of each disease which have been under treatment during the month should be entered in ordinary numerals in the appropriate column opposite the name of the disease.

III. In making out the tabular list, cases remaining from previous months are to be entered in first column. Under the heading of *new cases*, those only are to be entered which have been taken on sick report or received into hospital during the month represented by the report. *All deaths*, however, occurring during the mouth, are to be entered in the column of deaths, opposite the name of the disease causing death.

IV. The "remaining from last monthly report," and the "gain since last monthly report," equal the "total under treatment during the month." The totals of "discharged," "transferred," and "died," give the "total loss during the month." The "total loss during the month," and "total remaining at date of this report," must equal, when added together, the "total number under treatment during the month."

V. Patients above and including the age of fourteen will be enumerated as adults; below that age, as children.

VI. Whenever cases are entered opposite any of the headings printed in *italics*, or reported under *Class V*, (and the wound or injury has been received at the hands of another person,) the precise nature of the affection or the circumstances of the case so reported must be set forth in detail in column headed "remarks," or in an accompanying letter of transmittal.

DIRECTIONS TO BE FOLLOWED IN MAKING REPORT OF SICK AND WOUNDED.

I. Separate reports of Refugees and Freedmen will be made, monthly, to the Surgeon-in-Chief of the District, who will transmit them, together with the consolidated monthly report, on regular blanks, to the Chief Medical Officer of the Bureau.

II. In making out this report, the number of cases of each disease which have been under treatment during the month should be entered in ordinary numerals in the appropriate column opposite the name of the disease.

III. In making out the tabular list, cases remaining from previous months are to be entered in first column. Under the heading of *new cases*, those only are to be entered which have been taken on sick report or received into hospital during the month represented by the report. *All deaths*, however, occurring during the month, are to be entered in the column of deaths, opposite the name of the disease causing death.

IV. The "remaining from last monthly report," and the "gain since last monthly report," equal the "total under treatment during the month." The totals of "discharged," "transferred," and "died," give the "total loss during the month." The "total loss during the month," and "total remaining at date of this report," must equal, when added together, the "total number under treatment during the month."

V. Patients above and including the age of fourteen will be enumerated as adults; below that age, as children.

VI. Whenever cases are entered opposite any of the headings printed in *italics*, or reported under *Class V*, (and the wound or injury has been received at the hands of another person,) the precise nature of the affection or the circumstances of the case so reported must be set forth in detail in column headed "remarks," or in an accompanying letter of transmittal.

DIRECTIONS TO BE FOLLOWED IN MAKING REPORT OF SICK AND WOUNDED.

I. Separate reports of Refugees and Freedmen will be made, monthly, to the Surgeon-in-Chief of the District, who will transmit them, together with the consolidated monthly report, on regular blanks, to the Chief Medical Officer of the Bureau.

II. In making out this report, the number of cases of each disease which have been under treatment during the month should be entered in ordinary numerals in the appropriate column opposite the name of the disease.

III. In making out the tabular list, cases remaining from previous months are to be entered in first column. Under the heading of *new cases*, those only are to be entered which have been taken on sick report or received into hospital during the month represented by the report. *All deaths*, however, occurring during the month, are to be entered in the column of deaths, opposite the name of the disease causing death.

IV. The "remaining from last monthly report," and the "gain since last monthly report," equal the "total under treatment during the month." The totals of "discharged," "transferred," and "died," give the "total loss during the month." The "total loss during the month," and "total remaining at date of this report," must equal, when added together, the "total number under treatment during the month."

V. Patients above and including the age of fourteen will be enumerated as adults; below that age, as children.

VI. Whenever cases are entered opposite any of the headings printed in *italics*, or reported under *Class V*, (and the wound or injury has been received at the hands of another person,) the precise nature of the affection or the circumstances of the case so reported must be set forth in detail in column headed "remarks," or in an accompanying letter of transmittal.

DIRECTIONS TO BE FOLLOWED IN MAKING REPORT OF SICK AND WOUNDED.

I. *Separate* reports of Refugees and of Freedmen will be made, monthly, to the Surgeon-in-Chief of the District, who will transmit them, together with the consolidated monthly report, on regular blanks, to the Chief Medical Officer of the Bureau.

II. In making out the tabular list, cases remaining from previous months are to be entered in first column. Under the heading of *new cases*, those only are to be entered which have been taken on sick report or received into hospital during the month represented by the report. *All deaths*, however, occurring during the month, are to be entered in the column of deaths, opposite the name of the disease causing death.

III. The "remaining from last monthly report," and the "gain since last monthly report," equal the "total under treatment during the month." The totals of "discharged," "transferred," and "died," give the "total loss during the month." The "total loss during the month," and "total remaining at date of this report," must equal, when added together, the "total number under treatment during the month."

IV. Patients above and including the age of fourteen will be enumerated as adults; below that age, as children.

V. Whenever cases are entered opposite any of the headings printed in *italics*, or reported under *Class V*, (and the wound or injury has been received at the hands of another person,) the precise nature of the affection or the circumstances of the case so reported must be set forth in detail in column headed "remarks," or in an accompanying letter of transmittal.

DIRECTIONS TO BE FOLLOWED IN MAKING REPORT OF SICK AND WOUNDED.

I. *Separate* reports of Refugees and of Freedmen will be made, monthly, to the Surgeon-in-Chief of the District, who will transmit them, together with the consolidated monthly report, on regular blanks, to the Chief Medical Officer of the Bureau.

II. In making out the tabular list, cases remaining from previous months are to be entered in first column. Under the heading of *new cases*, those only are to be entered which have been taken on sick report or received into hospital during the month represented by the report. *All deaths*, however, occurring during the month, are to be entered in the column of deaths, opposite the name of the disease causing death.

III. The "remaining from last monthly report," and the "gain since last monthly report," equal the "total under treatment during the month." The totals of "discharged," "transferred," and "died," give the "total loss during the month." The "total loss during the month," and "total remaining at date of this report," must equal, when added together, the "total number under treatment during the month."

IV. Patients above and including the age of fourteen will be enumerated as adults; below that age, as children.

V. Whenever cases are entered opposite any of the headings printed in *italics*, or reported under *Class V*, (and the wound or injury has been received at the hands of another person,) the precise nature of the affection or the circumstances of the case so reported must be set forth in detail in column headed "remarks," or in an accompanying letter of transmittal.

DIRECTIONS TO BE FOLLOWED IN MAKING REPORT OF SICK AND WOUNDED.

I. *Separate* reports of Refugees and of Freedmen will be made, monthly, to the Surgeon-in-Chief of the District, who will transmit them, together with the consolidated monthly report, on regular blanks, to the Chief Medical Officer of the Bureau.

II. In making out the tabular list, cases remaining from previous months are to be entered in first column. Under the heading of *new cases*, those only are to be entered which have been taken on sick report or received into hospital during the month represented by the report. *All deaths*, however, occurring during the month, are to be entered in the column of deaths, opposite the name of the disease causing death.

III. The "remaining from last monthly report," and the "gain since last monthly report," equal the "total under treatment during the month." The totals of "discharged," "transferred," and "died," give the "total loss during the month." The "total loss during the month," and "total remaining at date of this report," must equal, when added together, the "total number under treatment during the month."

IV. Patients above and including the age of fourteen will be enumerated as adults; below that age, as children.

V. Whenever cases are entered opposite any of the headings printed in *italics*, or reported under *Class V*, (and the wound or injury has been received at the hands of another person,) the precise nature of the affection or the circumstances of the case so reported must be set forth in detail in column headed "remarks," or in an accompanying letter of transmittal.

DIRECTIONS TO BE FOLLOWED IN MAKING REPORT OF SICK AND WOUNDED.

I. *Separate* reports of Refugees and of Freedmen will be made, monthly, to the Surgeon-in-Chief of the District, who will transmit them, together with the consolidated monthly report, on regular blanks, to the Chief Medical Officer of the Bureau.

II. In making out the tabular list, cases remaining from previous months are to be entered in first column. Under the heading of *new cases*, those only are to be entered which have been taken on sick report or received into hospital during the month represented by the report. *All deaths*, however, occurring during the month, are to be entered in the column of deaths, opposite the name of the disease causing death.

III. The "remaining from last monthly report," and the "gain since last monthly report," equal the "total under treatment during the month." The totals of "discharged," "transferred," and "died," give the "total loss during the month." The "total loss during the month," and "total remaining at date of this report," must equal, when added together, the "total number under treatment during the month."

IV. Patients above and including the age of fourteen will be enumerated as adults; below that age, as children.

V. Whenever cases are entered opposite any of the headings printed in *italics*, or reported under *Class V*, (and the wound or injury has been received at the hands of another person,) the precise nature of the affection or the circumstances of the case so reported must be set forth in detail in column headed "remarks," or in an accompanying letter of transmittal.

DIRECTIONS TO BE FOLLOWED IN MAKING REPORT OF SICK AND WOUNDED.

I. *Separate* reports of Refugees and Freedmen will be made, monthly, to the Surgeon-in-Chief of the District, who will transmit them, together with the consolidated monthly report, on regular blanks, to the Chief Medical Officer of the Bureau.

II. In making out the tabular list, cases remaining from previous months are to be entered in first column. Under the heading of *new cases*, those only are to be entered which have been taken on sick report or received into hospital during the month represented by the report. *All deaths*, however, occurring during the month, are to be entered in the column of deaths, opposite the name of the disease causing death.

III. The "remaining from last monthly report," and the "gain since last monthly report," equal the "total under treatment during the month." The totals of "discharged," "transferred," and "died," give the "total loss during the month." The "total loss during the month," and "total remaining at date of this report," must equal, when added together, the "total number under treatment during the month."

IV. Patients above and including the age of fourteen will be enumerated as adults; below that age, as children.

V. Whenever cases are entered opposite any of the headings printed in *italics*, or reported under *Class V*, (and the wound or injury has been received at the hands of another person,) the precise nature of the affection or the circumstances of the case so reported must be set forth in detail in column headed "remarks," or in an accompanying letter of transmittal.
